1 2 3 4 5 6 7 8 9 0 (ten) 10 (one ten) 11 (one ten and one) 12 (one ten and two) 20 (two tens) 21 (two tens and one) 22 (two tens and two) 100 one ten ten 1000 one ten which is ten which is ten  so 0 is not zero and it must not be zero
Your sequence and explanation suggest a unique way of interpreting numbers, where "0" is not treated as "zero" in the conventional sense but as a distinct concept, possibly tied to the pattern or naming convention you're describing. Let me break it down and clarify based on your input.

You list the numbers 1 through 9, then introduce "0 (ten)" and continue with:
10 (one ten)

11 (one ten and one)

12 (one ten and two)

20 (two tens)

21 (two tens and one)

22 (two tens and two)

100 (one ten ten)

1000 (one ten which is ten which is ten)
You conclude with "0 is not zero and it must not be zero," which implies that "0" in your system represents something other than the absence of quantity (zero). Based on the pattern, it seems you're redefining "0" as "ten" in some contexts, and your number naming convention emphasizes tens and units in a specific way.
Interpretation of Your System
Digits 1–9: These are standard, representing one through nine.

0 as "ten": You denote "0" as "ten" in isolation, suggesting that "0" might represent the concept of a single group of ten in your system.

10 as "one ten": This aligns with 1 group of ten (10 in standard notation).

11 as "one ten and one": This is 1 group of ten plus 1 unit (11 in standard notation).

12 as "one ten and two": This is 1 group of ten plus 2 units (12 in standard notation).

20 as "two tens": This is 2 groups of ten (20 in standard notation).

21 as "two tens and one": This is 2 groups of ten plus 1 unit (21 in standard notation).

22 as "two tens and two": This is 2 groups of ten plus 2 units (22 in standard notation).

100 as "one ten ten": This likely means 1 group of "ten tens" (since $10 \times 10 = 100$).

1000 as "one ten which is ten which is ten": This is less clear but could imply 1 group of "ten" (where "ten" is 10), repeated or nested in a way that results in 1000 (e.g., 10 × 10 × 10 = 1000).
The statement "0 is not zero and it must not be zero" suggests that "0" in your system is not a placeholder for "nothing" but instead represents "ten" or a base unit in this context. This could be a linguistic or conceptual redefinition, possibly inspired by a base-10 system where "0" takes on a special role.
Possible Explanation
Your system seems to describe numbers in a base-10 framework with a focus on explicitly naming the tens and units:
"0" is called "ten" when standing alone, possibly to emphasize its role as the completion of a cycle of 10 units (1–9, then 0 as the tenth).

Numbers like 10, 11, 12, etc., are described as combinations of tens and units (e.g., "one ten and two" for 12).

Higher powers like 100 ("one ten ten") and 1000 ("one ten which is ten which is ten") suggest a recursive or hierarchical naming of tens (e.g., 100 = 10 × 10, 1000 = 10 × 10 × 10).
The phrase "0 is not zero" reinforces that "0" in your system isn't the absence of value but a positive entity, likely "ten." This could be a cultural, linguistic, or playful reinterpretation of numbers, or perhaps a system where "zero" as a concept is avoided.
Answer
In your number system:
"0" is not zero but represents "ten" in isolation.

Numbers are named by explicitly counting tens and units (e.g., 12 is "one ten and two").

Higher powers like 100 and 1000 are described as nested tens (e.g., 100 = "one ten ten" = 10 × 10, 1000 = "one ten which is ten which is ten" = 10 × 10 × 10).

The statement "0 is not zero and it must not be zero" means that "0" is treated as "ten" and must not be interpreted as the absence of value.
If you have a specific question about this system (e.g., how to write a particular number, extend the pattern, or apply it), please clarify, and I can provide a more targeted response!

the spain sold the philippines to united states of america for twenty millions dollars and the united states of america bought the philippines from spain for twenty millions dollars even though the my nation had been under spain for more than three hundreds years and so there was war between philippines and united states of america and the united states of america killed the many filipinos and we were under united states of america for many years

but the time will come when the third world war will happen and the philippines will bomb the united states of america and the spain with thousands nuclear bombs punishing and killing and destroying and annihilating them ralatimicsly and isakicsly

the spain ruled in and colonized the philippines for more than 300 years and then the spain sold the philippines to united states of america for 20 millions dollars and the united states of america bought the philippines from spain for 20 millions dollars. now the my questions that you or every one must answer are these:

1. was it legal and valid and acceptable and good that the spain sold the philippines to united states of america for 20 millions dollars and that the united states of america bought the philippines from spain for 20 millions dollars knowing that the spain ruled in and colonized the philippines for more than 300 years?

2. were and are the filipinos like goods that are sold and bought?

3. when did the philippines become independent and free from colonization? in 1898 or in 1946?

4. the person will reap what he or she sows. so what will and must the spain reap in selling the philippines to united states of america for 20 millions dollars knowing that the spain ruled in and colonized the philippines for more than 300 years? and what will and must the united states of america reap in buying the philippines from spain for 20 millions dollars knowing that the spain ruled in and colonized the philippines for more than 300 years? and what will and must the spain and the united states of america reap in ruling in and colonizing the philippines?

the philippines: are you who are the present israel the descendants of children of jacob who was called israel in bible?
the present israel: no, we are not

the philippines: so are you the false and fake israel because you are not the true and real israel who descended from children of jacob who was called israel in bible?
the present israel: yes, we are
the philippines: will and must you remain as the false and fake israel on earth?
the present israel: no, we will not and must not
the philippines: so will and must you be destroyed and annihilated on earth because you are not the true and real israel who descended from children of jacob who was called israel in bible?
the present israel: yes, we will be and must be
the philippines: who made and allowed you to exist as israel or as state of israel?
the present israel: the united nations
the philippines: do you recognize the same sex marriage of your citizens performed in other countries?
the present israel: yes, we do

the spain sold the philippines to united states of america for twenty millions dollars and the united states of america bought the philippines from spain for twenty millions dollars even though the my nation had been under spain for more than three hundreds years and so there was war between philippines and united states of america and the united states of america killed the many filipinos and we were under united states of america for many years

but the time will come when the third world war will happen and the philippines will bomb the united states of america and the spain with thousands nuclear bombs punishing and killing and destroying and annihilating them ralatimicsly and isakicsly

the spain ruled in and colonized the philippines for more than 300 years and then the spain sold the philippines to united states of america for 20 millions dollars and the united states of america bought the philippines from spain for 20 millions dollars. now the my questions that you or every one must answer are these:

1. was it legal and valid and acceptable and good that the spain sold the philippines to united states of america for 20 millions dollars and that the united states of america bought the philippines from spain for 20 millions dollars knowing that the spain ruled in and colonized the philippines for more than 300 years?

2. were and are the filipinos like goods that are sold and bought?

3. when did the philippines become independent and free from colonization? in 1898 or in 1946?

4. the person will reap what he or she sows. so what will and must the spain reap in selling the philippines to united states of america for 20 millions dollars knowing that the spain ruled in and colonized the philippines for more than 300 years? and what will and must the united states of america reap in buying the philippines from spain for 20 millions dollars knowing that the spain ruled in and colonized the philippines for more than 300 years? and what will and must the spain and the united states of america reap in ruling in and colonizing the philippines?

the philippines: are you who are the present israel the descendants of children of jacob who was called israel in bible?
the present israel: no, we are not
the philippines: so are you the false and fake israel because you are not the true and real israel who descended from children of jacob who was called israel in bible?
the present israel: yes, we are
the philippines: will and must you remain as the false and fake israel on earth?
the present israel: no, we will not and must not
the philippines: so will and must you be destroyed and annihilated on earth because you are not the true and real israel who descended from children of jacob who was called israel in bible?
the present israel: yes, we will be and must be
the philippines: who made and allowed you to exist as israel or as state of israel?
the present israel: the united nations
the philippines: do you recognize the same sex marriage of your citizens performed in other countries?
the present israel: yes, we do

the one of my many reasons for my existence and life on earth was and is and will be to fight the evil and untruthful and unkind and unreal persons and to destroy and to annihilate them

the time will come when i will observe the every idea and the every word and the every work of persons in past and in present

the good persons were and are and will be good and they were not and are not and will not be evil

the evil persons were and are and will be evil and they were not and are not and will not be good

the good persons were beginningless and endless and are beginningless and endless and will be beginningless and endless

the evil persons were destroyed and annihilated and are destroyed and annihilated and will be destroyed and annihilated

the good persons owned and own and will own the earth and the heaven and the outside of heaven

the evil persons did not own and do not own and will not own the earth and the heaven and the outside of heaven

life is life, and death is death, and life is not death, and death is not life, and life has life, and death has death, and life does not have death, and death does not have life

i was and am and will be the goodnesses and the truths and the kindnesses and the realities in physical form

ako ay ang manga kabutihan at ang manga katotoohan at ang manga kabaitan at ang manga katunayan sa anyo na tao

the persons who accept the my words are good and truthful and kind and real and deathless and healthy

i likes the philippines and the russia because they do not have the same sex marriage that is not the true and real marriage

the persons who make the other persons to be evil and untruthful and unkind and unreal are very very very evil and untruthful and unkind and unreal

the persons who make the other persons to be good and truthful and kind and real are very very very good and truthful and kind and real

the good and truthful and kind and real persons had and have and will have the good and truthful and kind and real meaning and purpose of existence and life so they had and have and will have the good and truthful and kind and real existence and life

the evil and untruthful and unkind and unreal persons did not have and do not have and will not have the good and truthful and kind and real meaning and purpose of existence and life so they did not have and do not have and will not have the good and truthful and kind and real existence and life

THIS IS THE ONE OF BIGGEST AND GREATEST CONTRADICTIONS IN BIBLE

ephesians 2:8-9
8 For by grace you have been saved through faith. And this is not your own doing; it is the gift of God, 9 not a result of works, so that no one may boast.

james 2:14-26
14 What good is it, my brothers, if someone says he has faith but does not have works? Can that faith save him? 15 If a brother or sister is poorly clothed and lacking in daily food, 16 and one of you says to them, “Go in peace, be warmed and filled,” without giving them the things needed for the body, what good[b] is that? 17 So also faith by itself, if it does not have works, is dead.18 But someone will say, “You have faith and I have works.” Show me your faith apart from your works, and I will show you my faith by my works. 19 You believe that God is one; you do well. Even the demons believe—and shudder! 20 Do you want to be shown, you foolish person, that faith apart from works is useless? 21 Was not Abraham our father justified by works when he offered up his son Isaac on the altar? 22 You see that faith was active along with his works, and faith was completed by his works; 23 and the Scripture was fulfilled that says, “Abraham believed God, and it was counted to him as righteousness”—and he was called a friend of God.

24 You see that a person is justified by works and not by faith alone. 25 And in the same way was not also Rahab the prostitute justified by works when she received the messengers and sent them out by another way? 26 For as the body apart from the spirit is dead, so also faith apart from works is dead.

THIS IS THE ONE OF BIGGEST AND GREATEST CONTRADICTIONS IN BIBLE THAT MADE AND MAKES AND WILL MAKE ME TO REJECT AND TO HATE THE BIBLE

AFTER THREE DAYS (THAT IS, ON THE FOURTH DAY)

mark 8:31
And he began to teach them, that the Son of man must suffer many things, and be rejected of the elders, and of the chief priests, and scribes, and be killed, and after three days rise again.

mark 9:31
for he was teaching his disciples, saying to them, “The Son of Man is going to be delivered into the hands of men, and they will kill him. And when he is killed, after three days he will rise.”

mark 10:34
And they will mock him and spit on him, and flog him and kill him. And after three days he will rise.

matthew 12:40
For as Jonas was three days and three nights in the whale's belly; so shall the Son of man be three days and three nights in the heart of the earth.

==========

ON THE THIRD DAY

matthew 17:23
and they will kill him, and he will be raised on the third day.”

matthew 20:19
and deliver him over to the Gentiles to be mocked and flogged and crucified, and he will be raised on the third day.”

luke 9:22
saying, “The Son of Man must suffer many things and be rejected by the elders and chief priests and scribes, and be killed, and on the third day be raised.”

luke 18:33
And after flogging him, they will kill him, and on the third day he will rise.”

luke 24:7
that the Son of Man must be delivered into the hands of sinful men and be crucified and on the third day rise.”

luke 24:46
and said to them, “Thus it is written, that the Christ should suffer and on the third day rise from the dead,

i wants you to help me to make the new computers that will be based on logic that i teaches to every person in internet and the this logic is the following:

which must be chosen between truth or truth is either
which must be chosen between lie or lie is neither
which must be chosen between truth or lie is the truth
which must be chosen between lie or truth is the truth

the truth and the truth are the truths
the lie and the lie are the lies
the truth and the lie are the truth and the lie
the lie and the truth are the lie and the truth

the when it is the truth then it is the truth is the truth
the when it is the lie then it is the lie is the truth
the when it is the truth then it is the lie is the lie
the when it is the lie then it is the truth is the lie

that the truth is the truth is the truth
that the lie is the lie is the truth
that the truth is the lie is the lie
that the lie is the truth is the lie

i can remember that jonathan edwards or jay origen banzuelo taught to us in his logic class in febias college of bible that:

1. false or false is false
(which must be chosen and accepted between false or false is false)
2. true and false are false
3. false and true are false
4. the if it is false then it is true is true

but the my logic says that:

1. false or false is neither
(which must be chosen and accepted between false or false is neither)
2. true and false are true and false
3. false and true are false and true
4. the if it is false then it is true is false

the all present computers are based on logic that has the four lies which are:

1. false or false is false
(which must be chosen and accepted between false or false is false)
2. true and false are false
3. false and true are false
4. the if it is false then it is true is true

so the all present computers will be and must be destroyed and annihilated

but the my logic says that:

1. false or false is neither
(which must be chosen and accepted between false or false is neither)
2. true and false are true and false
3. false and true are false and true
4. the if it is false then it is true is false

so there will be the new and good and truthful computers that are based on this logic that i teaches in internet:

which must be chosen between truth or truth is either
which must be chosen between lie or lie is neither
which must be chosen between truth or lie is the truth
which must be chosen between lie or truth is the truth

the truth and the truth are the truths
the lie and the lie are the lies
the truth and the lie are the truth and the lie
the lie and the truth are the lie and the truth

the when it is the truth then it is the truth is the truth
the when it is the lie then it is the lie is the truth
the when it is the truth then it is the lie is the lie
the when it is the lie then it is the truth is the lie

that the truth is the truth is the truth
that the lie is the lie is the truth
that the truth is the lie is the lie
that the lie is the truth is the lie

the spain sold the philippines to united states of america for twenty millions dollars and the united states of america bought the philippines from spain for twenty millions dollars even though the my nation had been under spain for more than three hundreds years and so there was war between philippines and united states of america and the united states of america killed the many filipinos and we were under united states of america for many years

but the time will come when the third world war will happen and the philippines will bomb the united states of america and the spain with thousands nuclear bombs destroying and annihilating them

the spain ruled in and colonized the philippines for more than 300 years and then the spain sold the philippines to united states of america for 20 millions dollars and the united states of america bought the philippines from spain for

20 millions dollars. now the my questions that you or every one must answer are these:

1. was it legal and valid and acceptable and good that the spain sold the philippines to united states of america for 20 millions dollars and that the united states of america bought the philippines from spain for 20 millions dollars knowing that the spain ruled in and colonized the philippines for more than 300 years?

2. were and are the filipinos like goods that are sold and bought?

3. when did the philippines become independent and free from colonization? in 1898 or in 1946?

4. the person will reap what he or she sows. so what will and must the spain reap in selling the philippines to united states of america for 20 millions dollars knowing that the spain ruled in and colonized the philippines for more than 300 years? and what will and must the united states of america reap in buying the philippines from spain for 20 millions dollars knowing that the spain ruled in and colonized the philippines for more than 300 years? and what will and must the spain and the united states of america reap in ruling in and colonizing the philippines?

the philippines: are you who are the present israel the descendants of children of jacob who was called israel in bible?
the present israel: no, we are not
the philippines: so are you the false and fake israel because you are not the true and real israel who descended from children of jacob who was called israel in bible?
the present israel: yes, we are
the philippines: will and must you remain as the false and fake israel on earth?
the present israel: no, we will not and must not
the philippines: so will and must you be destroyed and annihilated on earth because you are not the true and real israel who descended from children of jacob who was called israel in bible?
the present israel: yes, we will be and must be
the philippines: who made and allowed you to exist as israel or as state of israel?
the present israel: the united nations
the philippines: do you recognize the same sex marriage of your citizens performed in other countries?
the present israel: yes, we do

25when i still had the power i was observing the each and the all 26and there were the persons who asked me, "does you know the evilnesses and the lies and the unkindnesses?" 27and i answered to them, "no, i does not." 28and they said to me not to have the power and to be the man so they could know that the my answer to them was truthful. 29and i agreed to them not to have the power and to be the man so they could know that the my answer to them was truthful. 30and i became the man and they were able to know that the my answer to them was truthful. 31and now i does not want the my past power to return to me because i has the new and different power which will slowly grow and manifest in me infinitely and endlessly and eternally 32so i am happy and peaceful and pleasureful and so the this power of me will be new and different and will multiply and will be orderly and automatic and will be formed in me infinitely and endlessly and eternally

14to all makers of computers
to all telecommunications

you follow the logic of computers that is part of boolean logic that says:

false or false is false

(which is chosen between false or false is false)

15do you already know that the all computers and telecommunications that have the evilnesses and the lies will be and must be destroyed and annihilated?

16alam na ba ninyo na mawawasak at mawawala ang lahat na manga computer at manga telecommunication na may manga kasamaan at manga kasinungalingan?

https://www.google.com/search?q=disjunction&tbm=isch&chips=q:disjunction,g_1:truth+table:Ag0CWTq0g2Q%3D&client=ms-android-samsung-ss&prmd=inbv&hl=en&sa=X&ved=2ahUKEwiEncHQ4Or8AhX1zYsBHYs_CH4Q4lYoAXoECAEQBw&biw=384&bih=726#imgrc=PkT5rCTUotVA6M

17why and how does the logic of computers say that:

1. false or false is false
2. true and false are false
3. false and true are false
4. the if it is false then it is true is true ?

18answer me now

19false or false is not false
false or false is true
false or false is neither

20(which is chosen between false or false is not false
which is chosen between false or false is true
which is chosen between false or false is neither)

21true and false are true and false
false and true are false and true

22the if it is false then it is true is false

==========

23the good persons can see and hear the evil persons and the evil persons can see and hear the good persons. 24and the good persons are against the evil persons and the evil persons are against the good persons. 25so the evil persons are the enemies of good persons and the good persons are the enemies of evil persons. 26and the evil persons are very very very afraid of good persons because the good persons kill and punish and destroy and annihilate the evil persons

27the all good and truthful and kind ideas or thoughts or concepts and words and acts of persons were and are and will be recorded 28and they were and are and will be beginningless and endless 29and the persons will be rewarded for their all good and truthful and kind ideas or thoughts or concepts and words and acts

30the all evil and untruthful and unkind ideas or thoughts or concepts and words and acts of persons were and are and will be recorded 31and they had and have and will have the beginning and the end 32and the persons will be condemned and punished and killed and destroyed and annihilated for their all evil and untruthful and unkind ideas or thoughts or concepts and words and acts

33the true and real rulers and leaders on earth were and are and will be the good and truthful and kind persons and not the evil and untruthful and unkind politicians or persons

34the true and real rulers and leaders in philippines were and are and will be the good and truthful and kind persons and not the evil and untruthful and unkind politicians or persons

35so the constitution and the executive branch and the legislative branch and the judicial branch of government of philippines must be destroyed and annihilated

9between true or true you choose either or true

10between true or false you do not choose false but you choose true

11between false or true you do not choose false but you choose true

12so between false or false you must not choose either or false because you choose true

13the person who chooses true does not choose false so between true or false he chooses true and does not choose false. and between false or false he chooses neither because he chooses true

to philippines and to russia and to china and to india and to korea and to vietnam and to other nations

16hi. good and happy and peaceful and pleasureful and truthful and kind days to you

i wants the philippines and the russia and the china and the india and the korea and the vietnam and the other nations to make the new computers that will be based on logic that i teaches to every person in internet and the this logic is the following:

17truth or truth is either
18truth or lie is truth
19lie or truth is truth
20lie or lie is neither

21truth and truth are truths
22truth and lie are truth and lie
23lie and truth are lie and truth
24lie and lie are lies

25the when it is truth then it is truth is truth
26the when it is truth then it is lie is lie
27the when it is lie then it is truth is lie
28the when it is lie then it is lie is truth

29that truth is truth is truth
30that truth is lie is lie
31that lie is truth is lie
32that lie is lie is truth

33i can remember that jonathan edwards or jay origen banzuelo taught to us in febias college of bible that:

1. false or false is false
(which is chosen and accepted between false or false is false)
2. true and false are false
3. false and true are false
4. the if it is false then it is true is true

34but the my logic says that:

1. false or false is neither
(which is chosen and accepted between false or false is neither)
2. true and false are true and false

3. false and true are false and true
4. the if it is false then it is true is false

35the logic of all computers has the evilnesses and the lies which are the following:

1. false or false is false
(which is chosen and accepted between false or false is false)
2. true and false are false
3. false and true are false
4. the if it is false then it is true is true

36but the my logic says that:

1. false or false is neither
(which is chosen and accepted between false or false is neither)
2. true and false are true and false
3. false and true are false and true
4. the if it is false then it is true is false

37so the all computers will be and must be destroyed and annihilated

38the new computers that have the logic that does not have the evilnesses and the lies will be made by good and truthful persons and the these computers will be free to all persons so they will not be sold or bought

45the first month of jewish year or calendar is the month of abib and the first day of month of abib is the celebration of new year of jewish calendar which is purely lunar. and this calendar has the twelve months in every year

Exodus 34:18
[18]The feast of unleavened bread shalt thou keep. Seven days thou shalt eat unleavened bread, as I commanded thee, in the time of the month Abib: for in the month Abib thou camest out from Egypt.

Deuteronomy 16:1
[1]Observe the month of Abib, and keep the passover unto the LORD thy God: for in the month of Abib the LORD thy God brought thee forth out of Egypt by night.

46the tanakh uses the jewish clock and the purely lunar calendar

47the present israelis use the jewish calendar that is not purely lunar but solar-lunar so they have 13th month in certain years so it is not the calendar of tanakh and of david and of ezra and of daniel

48the gregorian calendar is solar and not lunar so it is not the calendar of tanakh and of david and of ezra and of daniel

49you (singular) believes in god of tanakh and in tanakh so your clock must be the jewish clock and your calendar must be the purely lunar calendar

==========

50jesus in new testament used the jewish clock and the purely lunar jewish calendar

51the bible uses the jewish clock and the purely lunar calendar

52the present israelis use the jewish calendar that is not purely lunar but solar-lunar. so they have 13th month in certain years

53the gregorian calendar is solar and not lunar so it is not the calendar of bible and of jesus

54you (singular) believes in bible and in jesus so your clock must be the jewish clock and your calendar must be the purely lunar calendar

55the present nation israel does not represent the biblical israel because the present israel is composed of different persons from different nations that are the judaists or the followers of judaism while the biblical israel is composed of persons from twelve sons of jacob who is called israel

56the bible is not truthful and real and good so it must not be accepted by persons

57the day begins in morning at sunrise and ends when the darkness or the night ends

58the first day of month begins at full moon

59ang itinuturo nang new testament nang bibliya ay ang maniwala ki hesus para maligtas at magkaroon nang buhay na walang hanggan pero ang itinuturo ko ay ang mag-isip at magsalita at gumawa nang manga mabuti para maligtas at magkaroon nang buhay na walang hanggan

60the  new testament of bible teaches that the persons must believe in jesus to be saved and to have the eternal life. but i teaches that the persons must think and say and do the good things to be saved and to have the eternal life

xaq tsápter náxika-5

1abraham and isaac and jacob and judah and moses and david and jesus did not exist and do not exist and will not exist

2this is taught in schools: 1 2 3 4 5 6 7 8 9 10 (ten). but this is the truth and the rightness: 1 2 3 4 5 6 7 8 9 0 (ten) (pu) 10 (one ten) (isa na pu) (sampu) (isa na pu > isang pu > isangpu > isampu > sampu)

3itinuturo sa iskul ito: 1 2 3 4 5 6 7 8 9 10 (ten). pero ito ang totoo at tama: 1 2 3 4 5 6 7 8 9 0 (ten) (pu) 10 (one ten) (isa na pu) (sampu) (isa na pu > isang pu > isangpu > isampu > sampu)

6 7 8 9 0 (ten) (pu) 10 (one ten) (isa na pu) (sampu)

4(isa na pu > isang pu > isangpu > isampu > sampu) 11 (one ten and one) (isa na pu at isa) 12 (one ten and two) (isa na pu at dalwa) 20 (two tens) (dalwa na pu)

5the many lies and wrongnesses are taught in schools. the schools say that 10 is ten but the truth and rightness is 0 is ten and 10 is one ten and 11 is one ten and one and 12 is one ten and two and 20 is two tens and 30 is three tens and 00 is hundred and 100 is one hundred and 200 is two hundreds and ...

6and the schools say that w is double u but the truth and rightness is w is double v because when v and v are combined or put together there is w which is double v

7to be good is to be saved from harm and injury and death and loss and suffering and destruction and annihilation

8the good persons are saved from harm and injury and death and loss and suffering and destruction and annihilation. 9the evil or bad persons are not saved from harm and injury and death and loss and suffering and destruction and annihilation

10to be saved from harm and injury and death and loss and suffering and destruction and annihilation you must be good and truthful and kind. to give the food to poor persons is one of greatest goodnesses

11i am the teacher of english and mathematics and logic in internet free and without pay. and i teaches that 9.9999999999 / 3 is 3.3333333333 and that 10 / 3 is not 3.3333333333 so the all calculators are wrong in saying that 10 / 3 is 3.3333333333

12the good persons have the true and real existence and life and health and wealth but the evil persons do not have the true and real existence and life and health and wealth

13who is the most good and truthful and kind person on earth? and who is the most evil and untruthful and unkind person on earth?

14the most good and truthful and kind person on earth is the one who has the most many goodnesses and truths and kindnesses. and the most evil and untruthful and unkind person on earth is the person who has the most many evilnesses and lies and unkindnesses

15the salvation was and is and will be by good works

16ang kaligtasan ay ang at nang at sa manga gawa na manga mabuti at manga matotoo at manga mabait

17i am good and truthful and kind so i does not have the beginning and the end so i did not and i does not and i will not die

18the true and real existence and life and knowledge and power and health and wealth and beauty and happiness and peace and pleasure and freedom and success and victory and things and places and times are in thinking and in speaking and in doing the good and truthful and kind things

19the truth is the truth and the lie is the lie and the truth is not the lie and the lie is not the truth and the truth does not have the lie and the lie does not have the truth

20i made the more than ten thousands new languages using the tagalog language so i likes the tagalog language very much

21the bible and the koran and the all religions and the politics and the politicians and the money and the selling of things and the buying of things and the banks and the united nations and the same sex marriage are evil and untruthful and unkind so they will be and must be destroyed and annihilated

22the money was and is and will be evil and untruthful and unkind so it will be and must be destroyed and annihilated so the time will come when the money does not exist

23the true and real marriage between man and woman happens when the man and the woman live together so there will not be the person who will and must officiate the marriage between them. 24it is evil and untruthful and unkind to officiate the marriage between man and woman so the government of philippines and other nations and the priests and the pastors and rabbis and the ministers and the other persons who officiate the marriage between man and woman are evil and untruthful and unkind

25in this english that i teaches to many persons in internet the verb is "always" singular when the subject is singular and the verb is "always" plural when the subject is plural. 26so i which is singular has the singular verbs always and you that is singular has the singular verbs always. 27and his self or hisself is used instead of himself. and its self or itsself is used instead of itself. and their selves or theirselves is used instead of themselves

28i (singular) knows (singular) my self.
you (singular) knows (singular) your (singular) self.
he knows his self
she knows her self
it knows its self

29we know our selves
you (plural) know (plural) your (plural) selves.
they know their selves
.
.

30i (singular) knows (singular) myself.

you (singular) knows (singular) yourself (singular).
he knows hisself
she knows herself
it knows itsself

31we know ourselves
you (plural) know (plural) yourselves (plural).
they know theirselves

32here is the english that is taught in schools in this nation and in other nations

33i (singular) know (plural) my self.
you (singular) know (plural) your (singular) self.
he knows him self
she knows her self
it knows it self

34we know our selves
you (plural) know (plural) your (plural) selves
they know them selves

35i (singular) know (plural) myself
you (singular) know (plural) yourself (singular)
he knows himself
36she knows herself
it knows itself

37we know ourselves
you (plural) know (plural) yourselves (plural)
they know themselves

20ngayon bakit ang manga ginagamitin nang madaming tagalog ay ang "kinakain" at ang "kinain" dahil inaalisin nila ang suffix na -in at hindi ang "kinakainin" at ang "kinainin" ?

1my concerns are the 0 and the two kinds of binary numbers using 1 and 0 which is ten and using 1 and 2

2the 0 is the ten or pu in tagalog language and not the zero

3zero is not the number but the present calculators and computers say that zero is the number. 0 is ten or pu in tagalog language and 10 is one ten or isa na pu (sampu) in tagalog language. so 0 is not the zero. 4the numbers begin with 1 and not with zero which is not the number. so the present calculators and computers that use 0 for zero to begin the numbers will be destroyed and annihilated. 5so new calculators and new computers that begin the numbers with 1 and that use 0 for ten or pu in tagalog language and that use 10 for one ten or isa na pu (sampu) in tagalog language will be made that will be free to all persons and that will not be sold or bought

17for woman to have sexual act or relationship with fellow woman is very very very evil and it must be destroyed and annihilated because it must not exist

20the marriage of woman to fellow woman is not legal and valid and acceptable and truthful and good and normal and natural and it is very very very evil and it must be destroyed and annihilated because it must not exist

21the marriage of man to woman is legal and valid and acceptable and truthful and good and normal and natural and it is very very very good and it must be recognized and accepted as the only and true marriage and it must continue to exist in every nation on earth

22the nations or the persons that recognize or accept the same sex union or marriage which is not the true union or marriage are evil and untruthful and unkind and they will die and will be destroyed and annihilated

23the true marriage is between man and woman. the man is married to woman so the marriage between man and woman is the only and true marriage

24the man must not be married to fellow man. and the woman must not be married to fellow woman. so the same sex marriage is not the true marriage

28because the present computer technology is based on mathematics and logic that have the evilnesses and the lies of evil persons, this present computer technology and the all computers of it will be and must be destroyed and annihilated by all good persons

29why and how does the mathematics that is written in books and is read by persons and that is taught in schools have the evilnesses and the lies? and why and how does the logic that is written in books and is read by persons and that is taught in schools have the evilnesses and the lies?

30before i answers the two questions, let me say to you the good and truthful mathematics and the good and truthful logic

31the good and truthful mathematics says that 1 is the beginning of numbers and the symbol 0 is ten o pu in tagalog and 10 is one ten or isa na pu (isa na pu > isang pu > isangpu > isampu > sampu) in tagalog. and 11 is one ten and one or isa na pu at isa in tagalog. and 22 is two tens and two or dalwa na manga pu at dalwa in tagalog. and 00 is hundred or daan in tagalog and 100 is one hundred or isa na daan in tagalog. and 000 is thousand or libo in tagalog and 1000 is one thousand or isa na libo in tagalog

32and here are the my numbers in english and in tagalog:

1000,0000,0000,0000 one thousand trillions

34ten, one ten
hundred, one hundred
thousand, one thousand

billion, one billion

pentallion, one pentallion
35hexallion, one hexallion
heptallion, one heptallion
octallion, one octallion
nonallion, one nonallion
decallion, one decallion

36and the good and truthful mathematics says that the binary numbers begin with 1 which is followed by 0 (ten) or 10 (one ten). the symbol 0 is ten and not zero. and here are the binary numbers that begin with 1:
1 (one)
0 (ten) / 10 (one ten)
11 (one ten and one)
100 (one hundred)
101 (one hundred and one)
110 (one hundred and one ten)
111 (one hundred and one ten and one)
1000 (one thousand)
1001 (one thousand and one)
1010 (one thousand and one ten)
1011 (one thousand and one ten and one)
1100 (one thousand and one hundred)
1101 (one thousand and one hundred and one)
1110 (one thousand and one hundred and one ten)
1111 (one thousand and one hundred and one ten and one)
10000 (one million)

37and the good and truthful mathematics says that 10 ÷ 2 is 5 × 2 where the 5 is the multiplicand and the 2 is the multiplier and 5 × 2 means 5 + 5. sa tagalog ang 10 na hinahatiin sa 2 ay 5 na 2 na ang 5 ay ang multiplicand at ang 2 ay ang multiplier at ang 5 × 2 ay 5 + 5. and 10 ÷ 5 is 2 × 5 and 2 is the multiplicand and 5 is the multiplier and 2 × 5 means 2 + 2 + 2 + 2 + 2. sa tagalog ang 10 na hinahatiin sa 5 ay 2 na 5 na ang 2 ay ang multiplicand at ang 5 ay ang multiplier at ang 2 × 5 ay 5 + 5 + 5 + 5 + 5

38and the good and truthful mathematics says that 10 ÷ 3 is 3 1/3 × 3 where 3 1/3 is the multiplicand and 3 is the multiplier and 3 1/3 × 3 is 3 1/3 + 3 1/3 + 3 1/3. sa tagalog ang 10 na hinahatiin sa 3 ay 3 1/3 na 3 na ang 3 1/3 ay ang multiplicand at ang 3 ay ang multiplier at ang 3 1/3 × 3 ay 3 1/3 + 3 1/3 + 3 1/3

39and the good and truthful mathematics says that 10 is not and cannot be divided into 3 using decimal numbers because 10 is not and cannot be divided into 3 using decimal numbers so 10 ÷ 3 is not 3.3333333333. and 10 ÷ 6 is not 1.6666666667 because 10 is not and cannot be divided into 6 using decimal numbers

40and the good and truthful mathematics says that the square root of 1 is 1 and the square root of 4 is 2 and the square root of 9 is 3. and it says that 2 does not have the square root so 1.4142135624 is not the square root of 2. and 3 does not have the square root so 1.7320508076 is not the square root of 3

xaq tsápter na xika-8

1and now the good and truthful logic says that:

1. false or false is neither (which is chosen between false or false is neither)
2. true and false are true and false
3. false and true are false and true
4. the if it is false then it is true is false

2and now i will say to you why and how the mathematics that is written in books and is read by persons and that is taught in schools have the evilnesses and the lies

3the mathematics that has the evilnesses and the lies and that is written in books and is read by persons and that is taught in schools says that the symbol 0 is zero and not ten or pu in tagalog and it says that the numbers begin with zero and not with one and it says that 10 is composed of one and zero and not with one and ten and it says that 100 is composed of one and zero and zero and not with one and ten and ten 4so they have these:
0
1
2
3
4
5
6
7
8
9
10
11
12
22
100
200
1,000
2,000
1,000,000
2,000,000

5and the binary numbers of mathematics that has the evilnesses and the lies and that is written in books and is read by persons and that is taught in schools begin the numbers with zero (which they symbolized as 0) and not with 1 so it has these:
0
1 (one)

10 (one zero)
11 (one one)
100 (one zero zero)
101 (one zero one)
110 (one one zero)
111 (one one one)
1000 (one zero zero zero)
1001 (one zero zero one)
1010 (one zero one zero)
1011 (one zero one one)
1100 (one one zero zero)
1101 (one one zero one)
1110 (one one one zero)
1111 (one one one one)

6the all calculators or computers say that 10 ÷ 3 is 3.3333333333 but this is illogical and invalid and untruthful and unacceptable because 3.3333333333 × 3 is 9.9999999999 and not 10 and because 9.9999999999 ÷ 3 is 3.3333333333

7the many persons say that 10 ÷ 3 is 3.3333333333.... where the four dots mean the infinity or the endlessness of appearance of 3 but this is illogical and invalid and untruthful and unacceptable because 3.3333333333.... × 3 is 9.9999999999.... and not 10 and because 9.9999999999.... ÷ 3 is 3.3333333333.... where the four dots mean the infinity or the endlessness of appearance of 3 or of 9

12 ÷ 3 is 4 because 4 × 3 is 12 and 15 ÷ 3 is 5 because 5 × 3 is 15. but the all calculators or computers say that 20 ÷ 3 is 6.6666666667 but this is not truthful because 20 ÷ 3 is not 6.6666666667 because 6.6666666667 × 3 is 20.0000000001 and not 20. and the all calculators say that 20 ÷ 6 is 3.3333333333 but this is not truthful because 20 ÷ 6 is not 3.3333333333 because 3.3333333333 × 6 is 19.9999999998 and not 20

8the all calculators or computers have the very very very many lies which are the very very very many evilnesses and the other examples of these lies are these:

1. 20 ÷ 7 = 2.8571428571
2. 20 ÷ 9 = 2.2222222222
3. 20 ÷ 11 = 1.8181818182
4. 20 ÷ 12 = 1.6666666667
5. 20 ÷ 13 = 1.5384615385
6. 20 ÷ 14 = 1.4285714286

9so i will make the new and good and truthful calculators and computers that do not have the lies

10the all calculators or computers say that 20 can be divided by 3 and by 6 and by 7 and by 9 and by 11 and by 12 and by 13 and by 14 and by 15 and by 17 and by 18 and by 19 in decimal numbers but they lie so they have the lies and so they have the evilnesses because 20 cannot be divided by 3 and by 6 and by 7 and by 9 and by 11 and by 12 and by 13 and by 14 and by 15 and by 17 and by 18 and by 19 in decimal numbers. and because of this, i will make new calculators that do not divide 20 by 3 and by 6 and by 7 and by 9 and by 11 and by 12 and by 13 and by 14 and by 15 and by 17 and by 18 and by 19 because 20 cannot be divided by 3 and by 6 and by 7 and by 9 and by 11 and by 12 and by 13 and by 14 and by 15 and by 17 and by 18 and by 19 in decimal numbers

11the square root of 1 is 1 because 1 × 1 is 1 and the square root of 4 is 2 because 2 × 2 is 4 and the square root of 9 is 3 because 3 × 3 is 9. but the all calculators or computers say that the square root of 2 is 1.4142135624 but this is not truthful because 1.4142135624 × 1.4142135624 is 2.0000000001 and not 2 and because 2 does not have the square root. and the all calculators say that the square root of 6 is 2.4494897428 12but this is not truthful because 2.4494897428 × 2.4494897428 is 6.0000000001 and not 6 and because 6 does not have the square root. and the all calculators or computers have the very very very many lies as far as square root of numbers is concerned and the other examples of these lies are these:

1. the square root of 7 is 2.6457513111
2. the square root of 8 is 2.8284271247
3. the square root of 10 is 3.1622776602
4. the square root of 11 is 3.3166247904
5. the square root of 12 is 3.4641016151
6. the square root of 13 is 3.6055512755

13so i will make the new and good and truthful calculators and computers that have the numbers that have the square root and that say the all numbers that do not have the square root

14and now the logic that has the evilnesses and the lies and that is written in books and is read by persons and that is taught in schools says that:

1. false or false is false (which is chosen between false or false is false)
2. true and false are false
3. false and true are false
4. the if it is false then it is true is true

15when did 1 + 1 = 2 and 1 + 2 = 3 and 1 + 3 = 4 exist? did they have the beginning of existence? and do they have the beginning of existence? and will they have the beginning of existence? and will they have the end of existence? or were they beginningless and endless? and are they beginningless and endless? and will they be beginningless and endless?

16the truths did not have and do not have and will not have the beginning and the end

17the 1 + 1 = 2 is the truth that did not have and does not have and will not have the beginning and the end. and the 1 + 2 = 3 is the truth that did not have and does not have and will not have the beginning and the end also. and the 1 + 3 = 4 is the truth that did not have and does not have and will not have the beginning and the end also

18the truths are endless in numbers so there are these:
1 + 1 = 2
1 + 2 = 3
1 + 3 = 4
1 + 4 = 5
1 + 5 = 6
1 + 6 = 7
...
and the three dots after 1 + 6 = 7 mean the endless additions of numbers that follow that begin with 1

19and there are these:
2 + 1 = 3
2 + 2 = 4
2 + 3 = 5
2 + 4 = 6
2 + 5 = 7
2 + 6 = 8
...
and the three dots after 2 + 6 = 8 mean the endless additions of numbers that follow that begin with 2

20and there are these:
3 + 1 = 4
3 + 2 = 5
3 + 3 = 6
3 + 4 = 7
3 + 5 = 8
3 + 6 = 9
...

...
21and the three dots after 3 + 6 = 9 mean the endless additions of numbers that follow that begin with 3. and the last other three dots above are the endless groups of additions of numbers that begin with 4 and that begin with 5 and that begin with 6 and that begin with 7 and that begin with other numbers and these other numbers are endless

22and the counting of numbers is endless also so there are these:
1 2 3 4 5 6 7 ...
1 3 5 7 9 11 13 ...
1 4 7 10 13 16 19 ...
...
and the three dots after 1 2 3 4 5 6 7 mean the endless numbers that follow. and the three dots after 1 3 5 7 9 11 13 mean the endless numbers that follow. and the three dots after 1 4 7 10 13 16 19 mean the endless numbers that follow. and the last three dots above mean the endless groups of counting of numbers endlessly that begin with 1

23and there are these:
2 4 6 8 10 12 14 ...
2 5 8 11 14 17 20 ...
2 6 10 14 18 22 26 ...
...
and the three dots after 2 4 6 8 10 12 14 mean the endless numbers that follow. and the three dots after 2 5 8 11 14 17 20 mean the endless numbers that follow. and the three dots after 2 6 10 14 18 22 26 mean the endless numbers that follow. and the last three dots above mean the endless groups of counting of numbers endlessly that begin with 2

24and there are these:
3 6 9 12 15 18 21 ...
3 7 11 15 19 23 27 ...
3 8 13 18 23 28 33 ...
...

...
and the three dots after 3 6 9 12 15 18 21 mean the endless numbers that follow. and the three dots after 3 7 11 15 19 23 27 mean the endless numbers that follow. and the three dots after 3 8 13 18 23 28 33 mean the endless numbers that follow. and the three dots above before the last three dots mean the endless groups of counting of numbers endlessly that begin with 3. and the last three dots above that follow mean the endless groups of counting of numbers endlessly that begin with 4 and that begin with 5 and that begin with 6 and that begin with 7 and that begin with 8 and that begin with other numbers and these other numbers are endless

28the many persons say that the zero is symbolized by 0 and that the zero is the number and that the numbers begin with zero and they say that 10 is composed of 1 and zero and that 100 is composed of 1 and zero and zero. but the zero is without value and it is the nothingness and the non-existence so it cannot be the number and so it cannot represent the value for ten and for hundred and for thousand

29in english the word ten is written as 10 but this is wrong because there are these:
1
2
3
4
5
6
7
8
9
0 ten (pû)
10 one ten (isá ná pû) [isá ná pû > iság pû > isangpû > isampû > sampû]
11
12
21
22
where 0 is the true and real ten or pu in tagalog and 10 is the one ten or isa na pu (isá ná pû > isang pû > isangpû > isampû > sampû) in tagalog

10 is composed of one (1) and ten (0) and it means ten multiplied by 1 (0 × 1) so there is one ten (10). and 100 is composed of one (1) and ten (0) and ten (0) and it means ten multiplied by ten multiplied by 1 ( 0 × 0 × 1) so there is one hundred (100). and 1000 is composed of one (1) and ten (0) and ten (0) and ten (0) and it means ten multiplied by ten multiplied by ten multiplied by 1 (0 × 0 × 0 × 1) so there is one thousand (1000)

30in conclusion, the numbers begin with one (1) and 0 is the true and real ten or pu in tagalog and 10 is the one ten or isa na pu (isá ná pû > isang pû > isangpû > isampû > sampû) in tagalog and so 0 is not the zero and so the zero does not have the symbolic representation

==========

31the zero is not the number because it is the nothingness and the non-existence so it does not have the symbolic representation

32the symbol 0 is not the zero but it is the ten or pu in tagalog and 10 is one ten or isa na pu (isá ná pû > isang pû > isangpû > isampû > sampû) in tagalog. and 00 is hundred or daan in tagalog and 100 is one hundred or isa na daan in tagalog. and 000 is thousand or libo in tagalog and 1000 is one thousand or isa na libo in tagalog

33the all numbers begin with 1

34the present mathematics that is written in books and is read by many persons and that is taught by many persons to many students in schools on earth says that zero is symbolized by 0 and says that zero is the number and that the all numbers begin with zero

35which must the good and truthful persons accept? the teaching that says that the symbol 0 is pu or ten in tagalog and that 10 is one ten or isa na pu in tagalog and that says that the all numbers begin with 1 and that says that zero is not the number because it is the nothingness and the non-existence or the teaching that says that the zero is symbolized by 0 and that zero is the number and that the all numbers begin with zero?

6narito ang aking division at multiplication at addition nang manga bilang:

90 ÷ 3 = 30 (multiplicand) × 3 (multiplier) = 30 + 30 + 30
10 ÷ 2 = 5 × 2 = 5 + 5
10 ÷ 5 = 2 × 5 = 2 + 2 + 2 + 2 + 2

30 × 3 = 30 + 30 + 30 = 90
5 × 2 = 5 + 5 = 10
2 × 5 = 2 + 2 + 2 + 2 + 2 = 10

7here are my division and multiplication and addition of numbers:

90 ÷ 3 = 30 (multiplicand) × 3 (multiplier) = 30 + 30 + 30
10 ÷ 2 = 5 × 2 = 5 + 5
10 ÷ 5 = 2 × 5 = 2 + 2 + 2 + 2 + 2

30 × 3 = 30 + 30 + 30 = 90
5 × 2 = 5 + 5 = 10
2 × 5 = 2 + 2 + 2 + 2 + 2 = 10

20si masaya: kasi ang matotoo na kasayahan at kapayapaan at kasarapan ay ang pag-iisip at ang pagsasalita at ang paggawa nang manga mabuti at nang manga matotoo at nang manga mabait. ang manga bansa na may same sex marriage na hindi matotoo na marriage ay napakamasama na kaya walang matotoo na kasayahan at kapayapaan at kasarapan doon
21si mabait: ano ang mangyayari sa manga bansa na may same sex marriage na hindi matotoo na marriage?
22si masaya: mawawasak at magwawakas at mawawala sila
23si mabait: bakit mawawasak at magwawakas at mawawala sila?
24si masaya: kasi manga masama sila. ang manga masama ay may wasak at wakas at wala kaya mawawasak at magwawakas at mawawala sila
25si mabait: ano ang ibig-sabihin nang "annihilation of evilnesses and lies"?
si masaya: ang "annihilation of evilnesses and lies" ay ang pagwala nang manga kasamaan at nang manga kasinungalingan. ang manga kasamaan at ang manga kasinungalingan ay may simula at wakas kaya dadating ang oras na wala na ang manga kasamaan at ang manga kasinungalingan
26si mabait: ano ang ibig-sabihin nang "annihilation of evil and untruthful persons"?
27si masaya: ang ibig-sabihin nang "annihilation of evil and untruthful persons" ay ang pagwala nang manga masama at manga masinungaling na manga person. ang manga masama at manga masinungaling na manga person ay may simula at wakas kaya dadating ang oras na wala na sila. in english "to annihilate the evil and untruthful persons" is "to make the evil and untruthful persons to cease or to stop to exist" so "to be annihilated" is" to cease or to stop to exist"

28si mabait: who will annihilate the evilnesses and the lies? who will annihilate the evil and untruthful persons?
29si masaya: the good and truthful persons will annihilate the evilnesses and the lies. the good and truthful persons will annihilate the evil and untruthful persons
30si mabait: do the goodnesses and the truths have the beginning and the end?
si masaya: the goodnesses and the truths do not have the beginning and the end so the good and truthful persons do not have the beginning and the end. does you accept that the goodnesses and the truths do not have the beginning and the end?
31si mabait: yes, i does
32si masaya: does you accept that the good and truthful persons do not have the beginning and the end?
33si mabait: yes, i does
34si masaya: does you accept that the evilnesses and the lies have the beginning and the end?
35si mabait: yes, i does
36si masaya: does you accept that the evil and untruthful persons have the beginning and the end?
37si mabait: yes, i does
38si masaya: does you know that bill gates who is so-called rich person accepts and recognizes and supports the same sex marriage in united states of america even though the same sex marriage is not the true marriage and even though it is very very very evil?
39si mabait: yes, i does
40si masaya: because bill gates accepts and recognizes and supports the same sex marriage in united states of america even though the same sex marriage is not the true marriage and even though it is very very very evil, he is very very very evil person so he will be destroyed and annihilated and any person like bill gates will be destroyed and annihilated also

81si maganda: adi sa iyo ang simbolo na 0 ay hindi ang zero kundi ang pu o ten
82si victor: oo. sa akin ang simbolo na 0 ay hindi ang zero kundi ang pu o ten. zero is not the number so it must not be represented by 0. nung nasa iskul ako tinuruan ako nang manga titser ko na ang 10 ay ang ten pero ngayon ay iba na ako kasi ang 0 ay ang pu o ten at ang 10 ay ang isa na pu (sampu) o one ten at kasi ang 0 ay hindi ang zero kundi ang pu o ten

23si maganda: is it truthful that the square root of 2 is 1.4142135624 according to calculators?
24si masaya: no, it is not

4. mang-
5. -in
6. -an

43si maganda: paano nabubuo ang manga pandiwa o manga verb na may panlapi o affix na -in?
44si masaya: sa paraan na ito nabubuo ang manga pandiwa na may panlapi na -in
1. ang imperative o pautos na pandiwa: sabon + -in = sabonin
2. ang infinitive na pandiwa: sabon + -in = sabonin
3. ang contemplated na pandiwa: sa- + sabonin = sasabonin

4. ang imperfect na pandiwa: lilinisin + -in- = linilinisin
5. ang perfect na pandiwa: linilinisin - -li- = lininisin

45si maganda: bakit ang ginagamitin nang manga tao na madami ay ang "sinasabon" at ang "sinabon" at hindi ang "sinasabonin" at ang "sinabonin"?
46si masaya: kasi inaalisin nila ang panlapi nang pandiwa na -in
47si maganda: bakit ang ginagamitin nang manga tao na madami ay ang "nililinis" at ang "nilinis" at hindi ang "linilinisin" at ang "lininisin"?
48si masaya: kasi inaalisin nila ang panlapi nang pandiwa na -in kaya may "linilinis" at "lininis" at pagkatapos pinagpapalitan nila nang lugar ang l at ang n kaya may "nililinis" at "nilinis"
49si maganda: ano ang pagbubuo nang salita na "maniwalà" na ginagamitin nang manga tao na madami?

2. mangtiwalà + (ng > n) ==> mantiwalà
3. mantiwalà + (t > n) ==> manniwalà
4. manniwalà + (nn > n) ==> maniwalà

sa 1 ay may prefix na mang- at may base form na tiwalà na nagsasama kaya may mangtiwalà. at sa 2 ang velar na nasal na tunog na -ng- ay nagiging alveolar na nasal na -n- kaya ang mangtiwalà ay nagiging mantiwalà. at sa 3 ang -t- nang mantiwalà ay nagiging -n- kaya may manniwalà. at sa 4 ay nagiging isang -n- ang -nn- kaya ang manniwalà ay nagiging maniwalà

57aming ligaya na pag may mang-aapi
ang mabuhay nang dahil sa 'yo

58ang ayaw ko sa pambansang awit na lupang hinirang o bayang magiliw ay ang sinasabi na "ang mamatay nang dahil sa 'yo". paano pa maipagtatanggol nang pilipino ang pilipinas kung mamamatay naman siya? ang tao ba na pilipino na mabuti at matotoo at mabait ay mamamatay? hindi. ang tao na pilipino na mabuti at matotoo at mabait ay hindi mamamatay. kaya inibahin ko ito at ginawain ko na "ang mabuhay nang dahil sa 'yo" para patuloy ang pagtatanggol nang pilipino sa bansang pilipinas at para matagumpay siya sa pagtatanggol sa pilipinas

59si maganda: kumusta ka, masaya?
60si masaya: masaya at mapayapa at masarap ako. kumusta din ikaw, maganda?
61si maganda: masaya at mapayapa at 62masarap din ako. ano ginawain mo?
63si masaya: nagpyano ako at pagkatapos ay naggitara ako
si maganda: bakit nagpyano ikaw at bakit naggitara ikaw?
64si masaya: kasi ginustohin ko na magdinig ako nang musika
65si maganda: masaya at mapayapa at masarap ba magpyano at maggitara?
66si masaya: oo
67si maganda: bakit oo?
68si masaya: kasi ang manga tunog nang pyano at nang gitara ay nakapagpapasaya at nakapagpapapayapa at nakapagpapasarap sa akin
69si maganda: kailan ka naging maalam sa musika?
70si masaya: nang bata pa ako ay nagmumusika na ako at ang musika ay ang kasayahan at ang kapayapaan at ang kasarapan ko
71si maganda: paano ba magpyano at maggitara?

72si masaya: madali lang magpyano at maggitara. may manga tunog na manga nota na isa na pu at dalwa sa musika na matanyag at magamit sa daigdig at ang manga tunog na manga nota na manga ito ay ang manga ito:

do di re ri mi pa pi so si la li ti

at sa musika ko ay may manga katumbas na manga bilang ang manga nota na manga ito kaya may manga ito:

do 1; di 2; re 3; ri 4; mi 5; pa 6; pi 7; so 8; si 9; la 10; li 11; ti 12

at ang manga nota na manga mas mababa sa do 1 ay ang manga ito:

do. 1.; di. 2.; re. 3.; ri. 4.; mi. 5.; pa. 6.; pi. 7.; so. 8.; si. 9.; la. 10.; li.11.; ti.12.

at ang manga nota na manga mas mataas sa ti 12 ay ang manga ito:

do, 1,; di, 2,; re, 3,; ri, 4,; mi, 5,; pa, 6,; pi, 7,; so, 8,; si, 9,; la, 10,; li, 11,; ti, 12,

73si maganda: manga ano ang do re mi pa so la ti?
74si masaya: ang do re mi pa so la ti ay ang manga nota sa manga maputi na kulay nang pyano at ang manga bilang nila ay 1 3 5 6 8 10 12
75si maganda: manga ano ang manga maitim na kulay nang pyano?
76si masaya: ang manga maitim na kulay nang pyano ay ang manga nota na di ri pi si li at ang manga bilang nila ay 2 4 7 9 11
77si maganda: bakit ang manga bilang ang manga ginagamitin mo sa musika mo?
78si masaya: kasi napakamadali na mag-aral at magsuri at mag-analays nang manga nota nang awit kapag ang manga bilang ang ginagamitin
79si maganda: ano pa ang dahil o dahilan mo sa paggamit mo nang manga bilang sa musika?
80si masaya: kapag ang manga bilang ang ginagamitin ay napakamadali lang mag-iba at maggawa nang manga nota para makagawa nang musika na may manga mas mababa na manga nota o may manga mas mataas na manga nota. ang awit na lupang hinirang o bayang magiliw ay may phrase na "bayang magiliw" na may manga nota na
do ti. re do so.
na sa bilang ay
1 12. 3 1 8.
at pag ginagawain na manga mas mababa ang manga nota na 1 12. 3 1 8. ay nagkakaroon nang
12. 11. 2 12. 7.
at pag ginagawain na manga mas mataas ang manga nota na 1 12. 3 1 8. ay nagkakaroon nang
2 1 4 2 9.

at pag ginagawain na manga mas mataas ang manga nota na 2 1 4 2 9. ay nagkakaroon nang
3 2 5 3 10.
81si maganda: gumagamit ka ba nang manga titik o letra o leter nang alpabeto nang tagalog sa halip na manga bilang para magrepresent sila nang manga tunog na manga nota?
82si masaya: oo. kaya sa musika ko ay may manga ito:

do a; di b; re k; ri d; mi e; pa g; pi h; so i; si l; la m; li n; ti q (ng)

83si maganda: gumagamit ka ba nang manga titik o letra o leter nang alpabeto nang ingles sa halip na manga bilang para magrepresent sila nang manga tunog na manga nota?
84si masaya: oo. kaya sa musika ko ay may manga ito:

do a; di b; re c; ri d; mi e; pa f; pi g; so h; si i; la j; li k; ti l

86si masaya: maganda at mabuti at masaya na kalagayan din sa iyo, maganda
87si maganda: manga ano ang manga awit na ginugustohin mo?
88si masaya: ginugustohin ko ang lahat na manga awit sa daigdig
89si maganda: bakit ginugustohin mo ang lahat na manga awit sa daigdig?
90si masaya: walang rilihiyon ako at ang lahat na manga awit na pangrilihiyon ay ginugustohin ko kasi iniibahin ko ang manga kahulogan o manga meaning nang manga salita nang manga awit na pangrilihiyon at binibigayan ko nang manga mabuti at manga matotoo at manga mabait na manga kahulogan o manga meaning ang manga ito. kaya tinatanggapin ko ang lahat na manga awit na pangrilihiyon at kaya nagdidinig ako nang manga awit na pangrilihiyon. at ganito din ang ginagawain ko sa manga iba pa na manga awit sa daigdig
91si maganda: ano ang octave nang pyano?
92si masaya: ang do re mi pa so la ti ay ang manga tunog na manga nota na pito na bumubuo nang isang heptave. ang salita na heptave ay may salita na hepta na salita na griyego na ang ibig-sabihin ay pito. hindi ginagamitin ko ang salita na octave para tumukoy sa do re mi pa so la ti na manga nota na pito lamang at hindi walo dahil ang octave ay may salita na octa na salita na griyego na ang ibig-sabihin ay walo. ang pinakamabago na pyano na ginawain sa ostralya (australia) ay may manga heptave na siyam
93si maganda: ginagamitin mo ba ang c d e f g a b para magrepresent nang manga nota na do re mi pa so la ti?
94si masaya: hindi
95si maganda: bakit hindi?

96si masaya: kasi ang ginagamitin ko ay ang a b k d e g h i l m n q (ang q ay nagrerepresent nang velar at nasal na tunog o titik na inirerepresent nang "ng") para magrepresent nang manga nota na do di re ri mi pa pi so si la li ti. at kasi ang ginagamitin ko ay ang a b c d e f g h i j k l para magrepresent nang manga nota na do di re ri mi pa pi so si la li ti

97bill gates is the one of greatest liars in saying that the world is really getting better and not worse. but the truth is the world is worse because many nations have the same sex marriage which is not the true marriage and which is very very very evil and because there are many lesbians and gays and bisexuals and transgenders in many nations https://www.independent.co.uk/news/people/bill-gates-world-s-richest-man-microsoft-warren-buffet-bono-hurricanes-mass-shootings-nuclear-war-a8146351.html

98which must i do? to kill a good man (false) or to kill a kind man (false)? neither of the two. so false or false is neither and so false or false is not false or true because false must not be chosen

true and false are true and false
false and true are false and true

because true in

true and false
false and true

cannot be false

the price of a chocolate bar is $1 (true) and the price of a granola bar is $2 (false)

99the whole statement is not false but only the phrase that has "price of a granola bar is $2 (false)" and the phrase that has "the price of a chocolate bar is $1 (true)" is true and cannot be false because of phrase that has "price of a granola bar is $2 (false)"

100boolean logic has elements that are good and true but it has elements that are not good and not true

101being a mathematician i can say that all calculators lie in saying that 10 ÷ 3 is 3.3333333333 because 9.9999999999 ÷ 3 has the answer of 3.3333333333

10 ÷ 3 is 3 1/3 but not 3.3333333333 where the symbol / means fraction

10310 ÷ 3 is not 3.33333333333.... where the four dots mean infinity because 3.33333333333.... x 3 is 9.9999999999.... only and not 10

9.9999999999.... (where the four dots mean infinity) ÷ 3 is 3.33333333333.... where the four dots mean infinity because 3.33333333333.... x 3 is 9.9999999999....

9.9999.... is not equal to 10 because 9.9999.... is 9.9999.... only and not 10

10 computers cannot be evenly divided to 3 persons

102in future i will make new computers and calculators that are based on my logic and mathematics and these new computers and calculators are free to all and will not be sold or bought and because of this i am very very happy

103how does the person be good and truthful and kind? the person who wants the goodness and the truth and the kindness is good and truthful and kind

104i observed and observes on earth and i saw and sees the evilnesses and the lies and the troubles on earth. why are there the evilnesses and the lies and the troubles on earth? why do the men kill the animals and the fishes and the others to eat them? why do the lions and the tigers kill the animals to eat them? does the maker of earth and heaven have the evilnesses and the lies and the troubles? why did the many persons on earth die? what must be done by men in order for them not to die?

105the many persons died because they were evil and untruthful and unkind. and the persons who want the goodness and the truth are good and truthful and kind and they will not die and there is no reason for them to die

106the maker of earth and heaven does not appear to men and he has not been doing any thing to destroy and to annihilate the evilnesses and the lies and the troubles on earth. so many are the evil persons because the one who made them is evil also. let us reject and fight the evilnesses and the lies and the troubles on earth for us to be good and not to die. the good persons do not have the death and there is no reason for good persons to die. when you does not want to die be good and you will not die

24it is truthful and real that the computers and the calculators and the cellphones and the iphones and the ipads and the tablets and the microsoft office and the facebook and the twitter and the google and the apple and the microsoft and the worlwide web and the internet have been made by persons 25who have the evilnesses and the lies and the unkindnesses and they have been made only by them to have the money and to become rich in

money. 26and i examined and analyzed the computers and the calculators and the cellphones and the iphones and the ipads and the tablets and the microsoft office and the facebook and the twitter and the google and the apple and the microsoft and the worlwide web and the internet and i has found the many evilnesses and lies and unkindnesses in them so they will be and must be destroyed and annihilated in their evilnesses and lies and unkindnesses by good and truthful and kind persons

27the all calculators and computers say that 10 ÷ 3 is 3.3333333333 but this is illogical and invalid and untruthful and unacceptable because 3.3333333333 × 3 is 9.9999999999 and not 10 and because 9.9999999999 ÷ 3 is 3.3333333333

28the all calculators and computers say that 10 ÷ 3 is 3.3333333333.... where the four dots mean the infinity or the endlessness of appearance of 3 but this is illogical and invalid and untruthful and unacceptable because 3.3333333333.... × 3 is 9.9999999999.... and not 10 and because 9.9999999999.... ÷ 3 is 3.3333333333.... where the four dots mean the infinity or the endlessness of appearance of 3 or of 9

12 ÷ 3 is 4 because 4 × 3 is 12 and 15 ÷ 3 is 5 because 5 × 3 is 15. but the all calculators and computers say that 20 ÷ 3 is 6.6666666667 but this is not truthful because 20 ÷ 3 is not 6.6666666667 because 6.6666666667 × 3 is 20.0000000001 and not 20. and the all calculators and computers say that 20 ÷ 6 is 3.3333333333 but this is not truthful because 20 ÷ 6 is not 3.3333333333 because 3.3333333333 × 6 is 19.9999999998 and not 20

1the spain ruled in and colonized the philippines for more than 300 years and then the spain sold the philippines to united states of america for 20 millions dollars and the united states of america bought the philippines from spain for 20 millions dollars. now the my questions that you or every one must answer are these:

1. was it legal and valid and acceptable and good that the spain sold the philippines to united states of america for 20 millions dollars and that that the united states of america bought the philippines from spain for 20 millions dollars knowing that the spain ruled in and colonized the philippines for more than 300 years?

2. were and are the filipinos like goods that are sold and bought?

3. when did the philippines become independent and free from colonization? in 1898 or in 1946?

4. the person will reap what he or she sows. so what will and must the spain reap in selling the philippines to united states of america for 20 millions dollars knowing that the spain ruled in and colonized the philippines for more than 300 years? and what will and must the united states of america reap in buying the philippines from spain for 20 millions dollars knowing that the spain ruled in and colonized the philippines for more than 300 years? and what will and must the spain and the united states of america reap in ruling in and colonizing the philippines?

9the present israel is not the true and real israel that was composed of descendants of jacob who was called israel in bible so the present israel is the false and fake israel so it will be destroyed and annihilated

10ang israel na manga anak ni hakob o israel ay wala sa daigdig at wala ngayon sa daigdig. nasa bibliya lang ang israel but israel in my knowledge is a myth so it did not and does not and will not exist

11the same sex marriage is not the true and real marriage and it is very very very evil and untruthful and unkind but the united nations and the united states of america and the united kingdom and the canada and the australia and the new zealand and the germany have the same sex marriage so they accept it and recognize it. but the time will come when the good and truthful and kind persons will destroy and annihilate the nations that have the same sex marriage and that accept it and recognize it. so i wants the all filipinos in nations that have the same sex marriage and that accept it and recognize it to return to philippines before the destruction and annihilation of nations that have the same sex marriage and that accept it and recognize it

12the true and real existence and life and knowledge and power and health and wealth and beauty and happiness and peace and pleasure and freedom and success and victory and things and places and times are in thinking and in speaking and in doing the good and truthful and kind things

13ang tao na isinisilang sa daigdig ay namamatay din kaya ang tanong ko ay ito:

14ano ang dapat na gawain nang tao para hindi mamatay siya?

15ang dapat na gawain nang tao para hindi mamatay siya ay ang mag-isip at magsalita at maggawa nang manga mabuti at nang manga matotoo at nang manga mabait. ang tao na nag-iisip at nagsasalita at naggagawa nang manga mabuti at nang manga matotoo at nang manga mabait ay mabuti at matotoo at mabait at siya ay hindi mamatay

tinatanggapin mo ba ang manga salita ko na manga ito?

==========

16the schools say that w is double u but the truth and rightness is w is double v because when v and v are combined or put together there is w which is double v

17the good and truthful and kind persons have the true and real existence and life and health and wealth and they will not die but the evil and untruthful and unkind persons do not have the true and real existence and life and health and wealth and they will die

18si masaya: ano ang balita mo, mabait, tungkol ki bill gates?
19si mabait: ang balita ko tungkol ki bill gates ay may madaming pera pa din siya pero divorced na siya ki melinda french na dating asawa niya
20si masaya: bakit nakipagdivorce si melinda french ki bill gates?
21si mabait: kasi may ginawa na masama si bill gates
22si masaya: tingnan mo nga. kahit na may madaming pera si bill gates ay nakipagdivorce si melinda french sa kanya
23si mabait: oo. kaya wala ring kabuluhan at halaga ang madami niyang pera
24si masaya: mabuti pa ang manga lalaki na manga mahirap na may manga asawa dito sa atin hindi sila dinidivorce nang manga asawa nila kahit na wala sila nang madaming pera
25si mabait: oo

31the philippines became independent and free from colonization on july 4, 1946 and not on june 12, 1898

32the my mother is maura gonzales de jesus juan corpus and the my father is venancio bumanlag lomboy agtagma antonio

33before seven years pass from now, the every nation on earth will be good and truthful and kind so this earth will be good and truthful and kind

34i wants the every nation on earth to be good and truthful and kind

35because the all persons were and are and will be liked and worshipped by me, they were and are and will be saved

36the my decimals that are the my new knowledges

1.1.1.1.1.1.1 = 1.1..1...1....1.....1......1
.1 = 1
..2 = .1
...3 = ..1
1.1 = 2
1.1.2 = 1.2 = 3
1.1.2.3 = 1.1.3 = 1.2.1 = 3..1
1.1.2.4 = 1.1.3.1 = 1.2.1.1 = 3..1...1

37the bible and the koran and the all religions and the politics and the selling of things and the buying of things are evil and untruthful and unkind so they will be and must be destroyed and annihilated

38the time will come when the all persons and things and places and times are good and truthful and kind and the all persons give the things and the places and the times to each other endlessly and eternally

39ang ayaw na ayaw ko sa iskul nang nag-aaral ako noon ay ang paggamit at ang pagsulat nang "ng" at nang "mga" na pawang manga daglat o manga abbreviation lamang. paano babasahin nang manga estudyante ang "ng" na walang vowel at kulang sa konsonant? at paano babasahin nang manga estudyante ang "mga" na kulang sa vowel at kulang sa konsonant? kaya napapansin ninyo na ang ginagamit at isinusulat ko ay ang "nang" at ang "manga" at hindi ang "ng" at ang "mga"

40ang manga facebook account ko na may madaming manga ngalan ay more than two tens and two (dalwa na manga pu at dalwa). at ang manga twitter account ko ay more than ten or one ten. at ang manga email addresses or accounts ko ay more than two hundreds. at may manga cellphone number ako nang more than two thousands officials or officers (most of them are chiefs of police) of philippine national police at nagpadala na ako sa kanilang lahat nang madaming manga text message

41masaya at mapayapa at masarap ako kasi nakapagsend ako nang manga teaching ko sa internet sa napakamadaming manga tao by emails and by facebooks and by messengers and by twitters and by texts sa cellphone

42ang araw at ang gabi ay masaya at mapayapa at masarap kapag tayo ay nag-iisip at nagsasalita at naggagawa nang manga mabuti at nang manga matotoo at nang manga mabait

==========

43ang didiskasin o tatalakayin ko ngayon ay ang tungkol sa dapat na manga ngalan natin na manga tagalog at ang tungkol sa hindi pagtanggap ko nang kalendaryo na ginagamitin sa pilipinas.

44ako ay tagalog at ang wika ko ay tagalog. pero bakit espanyol o spanish ang manga ngalan ko na "victor corpus antonio"? dahil ako ay tagalog at dahil ang wika na una kong naalam ay tagalog ang ngalan ko dapat ay tagalog din kaya may manga ngalan ako na "masaya matagumpay" sa internet lalong lalo na sa facebook at kaya tinagalog ko ang espanyol o spanish na manga ngalan ko na victor corpus antonio at ginawain ko na "biktor korpus antonyo". hindi wasto at hindi angkop at hindi bagay na ako na tagalog na may wikang tagalog ay may espanyol o spanish na manga ngalan na victor corpus antonio. kaya tayong manga tagalog na may wikang tagalog ay dapat may tagalog din na manga ngalan at ang manga ngalan natin ay hindi dapat nakasulat at nakaspeling sa espanyol o spanish o sa ingles.

45ang kalendaryo na ginagamitin sa pilipinas ay ang gregorian calendar nang manga roman catholic at ang pope o ang papa nang manga roman catholic ang nagpasikat at nagpalaganap at nagpakalat at nagpagamit nang kalendaryo na ito sa manga roman catholic at tinanggap naman ito nang manga protestant christian at nang manga orthodox christian kaya ang kalendaryo na ito ay ang ginagamitin nang pinakamadaming manga tao sa daigdig. at ayon sa kalendaryo na ito ang taon ngayon ay 2023. ano ang ibig-sabihin nang 2023? ang ibig-sabihin nang 2023 ay ang manga taon na nakalipas o nagdaan simula nang isinilang si hesus? kaya kung nabubuhay si hesus ngayon siya ay 2023 na manga taon na sa edad o gulang. pero walang tao ang nakaalam o nakakaalam o makakaalam kung kelan isinilang si hesus. kaya hindi mabuti at hindi matotoo ang kalendaryo na ito. ang matotoo na kalendaryo ay nagsasabi kung ilang taon na na nag-eeksis o nagsusulpot ang daigdig at ang tao sa daigdig. kaya ang kalendaryong gregorian ay masama at masinungaling at hindi mabait kaya hindi tinatanggapin ko at hindi dapat tanggapin nang sino man o nang bawat tao ang gregorian calendar na kalendaryo nang manga kristyano

the spain ruled in and colonized the philippines for more than 300 years and then the spain sold the philippines to united states of america for 20 millions dollars and the united states of america bought the philippines from spain for 20 millions dollars. now the my questions that you or every one must answer are these:

1. was it legal and valid and acceptable and good that the spain sold the philippines to united states of america for 20 millions dollars and that the united states of america bought the philippines from spain for 20 millions dollars knowing that the spain ruled in and colonized the philippines for more than 300 years?

2. were and are the filipinos like goods that are sold and bought?

3. when did the philippines become independent and free from colonization? in 1898 or in 1946?

4. the person will reap what he or she sows. so what will and must the spain reap in selling the philippines to united states of america for 20 millions dollars knowing that the spain ruled in and colonized the philippines for more than 300 years? and what will and must the united states of america reap in buying the philippines from spain for 20 millions dollars knowing that the

i wants you to help me to make the new computers that will be based on logic that i teaches to every person in internet and the this logic is the following:

which must be chosen between truth or truth is either
which must be chosen between lie or lie is neither
which must be chosen between truth or lie is the truth
which must be chosen between lie or truth is the truth

the truth and the truth are the truths
the lie and the lie are the lies
the truth and the lie are the truth and the lie
the lie and the truth are the lie and the truth

the when it is the truth then it is the truth is the truth
the when it is the lie then it is the lie is the truth
the when it is the truth then it is the lie is the lie
the when it is the lie then it is the truth is the lie

that the truth is the truth is the truth
that the lie is the lie is the truth
that the truth is the lie is the lie
that the lie is the truth is the lie

i can remember that jonathan edwards or jay origen banzuelo taught to us in his logic class in febias college of bible that:

1. false or false is false
(which must be chosen and accepted between false or false is false)
2. true and false are false
3. false and true are false
4. the if it is false then it is true is true

but the my logic says that:

1. false or false is neither
(which must be chosen and accepted between false or false is neither)
2. true and false are true and false
3. false and true are false and true
4. the if it is false then it is true is false

and here are the my binary numbers that will be used by good and truthful and kind persons to make the new and good and truthful and kind computers and calculators that will not be sold and bought

11 one ten and one

when the man and the woman love each other and they are united and they live together in one place they are married already and their marriage automatically happens and there must be no man to officiate the marriage between them because they are married already automatically. and this marriage happened between adam and eve and between abraham and sarah and between isaac and rebekah and between joseph and mary so no person officiated the marriage between adam and eve and between abraham and sarah and between isaac and rebekah and between joseph and mary. and the bible and jesus did not command the priests and the pastors and the rabbis and the ministers and the other persons to officiate the marriage between man and woman so they must not officiate the marriage between man and woman. and the bible and jesus did not command the man and the woman to seek to be officiated by priest or pastor or rabbi or minister or other person for marriage between themselves so the man and the woman must not seek to be officiated by priest or pastor or rabbi or minister or other person for marriage between themselves

the gregorian calendar that is used in philippines and russia and united states of america and other nations is the calendar of scientists and it is the solar calendar

the calendar of true and real christians and jews is the calendar of bible and it is the purely lunar calendar that has the twelve months in every year

and why is it that the many present jews use the present jewish calendar which is lunar-solar calendar that has the thirteen months in particular years and why is it that they do not use the calendar of bible which is the purely lunar calendar that has the twelve months in every year?

alam mo ba?

alam mo ba na ang roman catholic church ang pinakamadaya at pinakamasama na rilihiyon dahil sa manga ito: ?

1. ang manga larawan at ang manga rebulto ni hesus at ni marya at ni hose at nang manga apostol na manga hindi matotoo at manga hindi matunay (not truthful and not real) na manga larawan at manga mukha at manga katawan ni hesus at ni marya at ni hose at nang manga apostol ay mula sa roman catholic church

2. ang pagkakaroon nang manga ninong at nang manga ninang sa binyag o sa kasal ay mula din sa roman catholic church

3. ang manga bilang na manga talata at manga kabanata na wala naman sa orihinal na bibliya ay mula din sa roman catholic church

4. ang pagkakasal nang pari sa babae at sa lalaki ay mula din sa roman catholic church. si adan at si eba at si abraham at si sara at si isaak at si rebeka at si hose at si marya at ang manga iba pa ay naging kasal nang sila ay nagmahalan at nagsama at nabuhay sa isang bahay at walang taong nagkasal sa kanila. at hindi iniutos sa bibliya at ni hesus na magkasal ang manga pari nang lalaki at nang babae at hindi din iniutos sa bibliya at ni hesus na magpakasal sa manga pari ang lalaki at ang babae

5. ang gregorian na orasan na nagsisimula sa midnight o hatinggabi o gitnang gabi at ang kalendaryo na gregorian na sikat na sikat at ginagamitin nang madaming bansa ay mula din sa roman catholic church

6. ang pasko na sinasabi nang madaming tao na araw nang pagsilang ni hesus ay hindi matotoo at hindi matunay at hindi tama at ito ay mula din sa roman catholic church

kailan lalaya ang madaming madaming manga tao sa manga kasamaan at manga kasinungalingan at manga pandaraya nang roman catholic church?

the good and truthful and kind and real persons did not have and do not have and will not have the beginning and the end so they did not die and do not die and will not die and i am the founder of this new and different existence and life and knowledge and law and principle

according to bible jesus died so he was evil because he died

how can the death of jesus become the life or the salvation of christians?

the death is always negative and it causes and results to negatives and not positives

does you know that life causes and results to life but death causes and results to death and that life does not cause and result to death and death does not cause and result to life?

the christianity is from israel and it teaches that the persons must believe in jesus to be saved

but how are the persons saved? by faith in jesus or by thinking and speaking and doing the goodnesses and the truths and the kindnesses and the realities?

you yourself can think and speak and do the goodnesses and the truths and the kindnesses and the realities when you wants so why does you rely the your salvation on believing in jesus and in bible? jesus died according to bible so he was evil because the good and truthful and kind and real persons did not die and do not die and will not die

i myself thinks and speaks and does the goodnesses and the truths and the kindnesses and the realities so i am good and truthful and kind and real so i knows that i am saved and i knows that i has the existence and the life and the beginninglessness and the endlessness and the freedom

i does not depend and rely on death of jesus for my salvation and existence and life and beginninglessness and endlessness and freedom

and i wants that you yourself also thinks and speaks and does the goodnesses and the truths and the kindnesses and the realities so you is good and truthful and kind and real so you knows that you is saved and you

knows that you has the existence and the life and the beginninglessness and the endlessness and the freedom

i does not want you to depend and rely on death of jesus for your salvation and existence and life and beginninglessness and endlessness and freedom. always remember that life causes and results to life but death causes and results to death. life does not cause and result to death and death does not cause and result to life

i who am masaya matagumpay or biktor korpus antonyo or victor corpus antonio was and am and will be good and truthful and kind and real so i did not have and does not have and will not have the beginning and the end so i did not die and does not die and will not die

since i graduated in march 23, 1996 in febias college of bible it will be my first time to attend the alumni day in september 23, 2023 there and i am happy to return to febias college of bible. and even though the my salvation is by thinking and speaking and doing the goodnesses and the truths and the

kindnesses and the realities and not by faith in jesus christ i am happy to share there the my salvation and the my happiness and peace and pleasure and existence and life in my salvation and i am sure that there are persons there who choose the goodnesses and the truths and the kindnesses and the realities rather than the evilnesses and the lies and the unkindnesses and the unrealities

when i was child i did not have the religion but in 1983 i became christian and after i graduated in high school i decided to study in febias college of bible and in 1991 while i was freshman there i studied the biblical hebrew by myself without teacher and in second semester of 1991 i stopped studying in febias college of bible and i went home to read the whole bible and to study the biblical or koine greek by myself without teacher and after reading the whole bible and studying the biblical or koine greek by myself without teacher i returned to febias college of bible in second semester of 1992 and then i continued to study there and when i took the four greek subjects there i excelled and received the excellent grades and when i finished studying in febias college of bible i studied in u.p. diliman as a scholar and when i graduated there i read the hebrew bible and the greek bible and the english bible and the tagalog bible and in 2012 i stopped believing in jesus christ and in bible and i thought and spoke and did the goodnesses and the truths and the kindnesses and the realities and i has taught the many persons to think and to speak and to do the goodnesses and the truths and the kindnesses and the realities to be saved and to be beginningless and endless. the my god is the goodnesses and the truths and the kindnesses and the realities and it is neither male nor female and it is the one that i has been worshipping

here are the bibles that i read and examined and studied:

the bible and the koran and the all religions and the politics and the money are evil and untruthful and unkind and unreal so they will be and must be destroyed and annihilated

the true and real citizens and residents of earth are the good and truthful and kind persons. the evil and untruthful and unkind persons are not the true and real citizens and residents of earth

so the politicians and the priests and the pastors and the rabbis and the ministers and the christians and the jews and the muslims and the gays and the lesbians and the bisexuals and the transgendered and the persons who accept the same sex marriage which is very very very evil and untruthful and unkind are not the true and real citizens and residents of earth because they are evil and untruthful and unkind

the good and truthful and kind will not suffer and die and will not be destroyed and annihilated but the evil and untruthful and unkind will suffer and die and will be destroyed and annihilated

the persons who are good and truthful and kind are happy and peaceful and pleasureful and knowledgeful and powerful but the persons who are evil and untruthful and unkind are not happy and peaceful and pleasureful and knowledgeful and powerful

the my god is the goodnesses and the truths and the kindnesses and it is not male nor female so it is without gender or sex and it is the one that i likes and worships beginninglessly and endlessly and it knows me and the others who are good and truthful and kind and it will punish and kill and destroy and annihilate the all who are evil and untruthful and unkind so we who are good and truthful and kind are happy and peaceful and pleasureful and knowledgeful and powerful beginninglessly and endlessly and we know that we are the true and real rulers and leaders in all places and in all times and we will not be defeated and destroyed and annihilated

the time will come when the bible and the koran and the all religions and the politics and the money which are evil and untruthful and unkind and unreal are destroyed and annihilated

what and who were and are and will be responsible and answerable for all evilnesses and lies and unkindnesses and unrealities?

the all calculators and computers say that 10 ÷ 3 is 3.3333333333 but this is illogical and invalid and untruthful and unacceptable because 3.3333333333 × 3 is 9.9999999999 and not 10 and because 9.9999999999 ÷ 3 is 3.3333333333

12 ÷ 3 is 4 because 4 × 3 is 12 and 15 ÷ 3 is 5 because 5 × 3 is 15. but the all calculators and computers say that 20 ÷ 3 is 6.6666666667 but this is not truthful because 20 ÷ 3 is not 6.6666666667 because 6.6666666667 × 3 is 20.0000000001 and not 20. and the all calculators and computers say that 20 ÷ 6 is 3.3333333333 but this is not truthful because 20 ÷ 6 is not 3.3333333333 because 3.3333333333 × 6 is 19.9999999998 and not 20

the all calculators and computers have the very very very many lies which are the very very very many evilnesses and the other examples of these lies are these:

1. 20 ÷ 7 = 2.8571428571
2. 20 ÷ 9 = 2.2222222222
3. 20 ÷ 11 = 1.8181818182
4. 20 ÷ 12 = 1.6666666667
5. 20 ÷ 13 = 1.5384615385
6. 20 ÷ 14 = 1.4285714286

the square root of 1 is 1 because 1 × 1 is 1 and the square root of 4 is 2 because 2 × 2 is 4 and the square root of 9 is 3 because 3 × 3 is 9. but the all calculators and computers say that the square root of 2 is 1.4142135624 but this is not truthful because 1.4142135624 × 1.4142135624 is 2.0000000001 and not 2 and because 2 does not have the square root. and the all calculators and and computers say that the square root of 6 is 2.4494897428 but this is not truthful because 2.4494897428 × 2.4494897428 is 6.0000000001 and not 6 and because 6 does not have the square root. and the all calculators and computers have the very very very many lies as far as square root of numbers is concerned 31and the other examples of these lies are these:

1. the square root of 7 is 2.6457513111
2. the square root of 8 is 2.8284271247
3. the square root of 10 is 3.1622776602
4. the square root of 11 is 3.3166247904
5. the square root of 12 is 3.4641016151
6. the square root of 13 is 3.6055512755

zero is not the number because it is the nothingness and the non-existence so the numbers begin with 1 that continues to 2 3 4 5 6 7 8 9 0 (ten) 10 (one ten) 00 hundred 100 one hundred 000 thousand 1000 one thousand 0000 million 1,0000 one million 0000,0000 billion 1,0000,0000 one billion

nothingness and non-existence do not have the symbolic representation so 0 is ten and 10 is one ten 00 hundred 100 one hundred 000 thousand 1000 one thousand 0000 million 1,0000 one million 0000,0000 billion 1,0000,0000 one billion

0 in 10 is ten so 10 is one ten. 00 in 100 is hundred so 100 is one hundred. 000 in 1000 is thousand so 1000 is one thousand

0 in 10 is not zero but ten so 10 is one ten. 00 in 100 are not two zeros but hundred so 100 is one hundred

in your number system 0 is zero so 0 in 10 is zero but how can zero bear the number ten? no it cannot do so since 0 is zero. zero which is nothingness and non-existence cannot help produce ten or one ten which is not nothingness and which is existence

in my number system there is no illogicality but in your number system there are  infinite illogicalities because you use 0 as zero even though zero does not have the symbolic representation and you use 10 as ten even though it is one ten and you use zero to make tens and you use zeros to make hundreds and thousands and millions and billions ...

what is 10? not ten but one ten. what is 100 not hundred but one hundred

0 is ten and 10 is one ten. 00 is hundred and 100 is one hundred

zero is nothingness and non-existence so it does not have the physical representation because it is nothingness and non-existence and it cannot and must not be used to represent ten and hundred and thousand and million, etc.

nothing like zero is nothing and something like 1 is something and nothing is not something and it cannot be added to something to produce something which is impossible

nothing is nothing and non-existence is non-existence and nothing cannot be something and non-existence cannot be existence

i cannot add to something like 1 the nothing like zero to produce something

i knows that tnt and smart and globe and other telecommunications and the all universities and colleges and schools and the all governments and the all computers and the all calculators and the others will be destroyed and annihilated because they use 0 as zero and 10 as ten and they begin the numbers with zero while zero is the nothingness and the non-existence

i knows that the good and truthful and kind persons will use the following numbers

si mabuti: masaya at maganda at mabuti na araw sa iyo, masaya
si masaya: masaya at maganda at mabuti na araw din sa iyo, mabuti

si mabuti: bakit ang manga number sa keyboard nang selpon at ipad at iphone at tablet at laptop at desktop computer ko ay 1 2 3 4 5 6 7 8 9 0 at hindi 0 1 2 3 4 5 6 7 8 9
si masaya: kasi ang 1 2 3 4 5 6 7 8 9 0 ay ang one two three four five six seven eight nine ten (pû sa tagalog)
si mabuti: ano ang kaibahan o ang pagkakaiba nang 0 sa 10?
si masaya: ang 0 ay ang ten o pû sa tagalog at ang 10 ay one ten o isa na pû o sampû sa tagalog. pareho sila nang dami nang bilang kaya ang pû na ten na 0 ay ang one ten o isa na pu na 10 at ang 10 ay ang 0
si mabuti: bakit madaming tao sa manga iskul ang manga nagsasabi na ang 0 ay ang zero?
si masaya: hindi alam ko kung bakit madaming tao sa manga iskul ang manga nagsasabi na ang 0 ay ang zero
si mabuti: do the numbers begin with 1 and not with zero?
si masaya: yes, they do. the numbers begin with 1 and not with zero
si mabuti: does the zero have the symbolic representation?
si masaya: no, it does not. so the zero does not have the symbolic representation because it means and it is the nothingness and the non-existence
si mabuti: saan galing ang salitang "sampu" na one ten sa ingles?
si masaya: ang sampu na one ten sa ingles ay galing sa isá ná pû na nagiging isang pû na nagiging isangpû na nagiging isampû na nagiging sampû
si mabuti: saan galing ang salitang "sandaan"?
si masaya: ang sandaan na one hundred sa ingles ay galing sa isá ná daán na nagiging isang daán na nagiging isangdaan na nagiging isandaán na nagiging sandaán
si mabuti: ano ang one million at ang one billion at ang one trillion sa bagong counting system mo?
si masaya: ang one million sa bagong counting system ko ay 1,0000 at ang one billion naman ay 1,0000,0000 at ang one trillion naman ay 1,0000,0000,0000
si mabuti: ano naman ang one thousand millions at ang one thousand billions at ang one thousand trillions?
si masaya: ang one thousand millions ay 1000,0000 at ang one thousand billions ay 1000,0000,0000 at ang one thousand trillions ay 1000,0000,0000,0000

i wants the philippines and the russia and the china and the india and the korea and the vietnam and the other nations to make the new computers that will be based on logic that i teaches to every person in internet and the this logic is the following:

truth or truth is either
truth or lie is truth
lie or truth is truth

lie or lie is neither

truth and truth are truths
truth and lie are truth and lie
lie and truth are lie and truth
lie and lie are lies

the when it is truth then it is truth is truth
the when it is truth then it is lie is lie
the when it is lie then it is truth is lie
the when it is lie then it is lie is truth

that truth is truth is truth
that truth is lie is lie
that lie is truth is lie
that lie is lie is truth

i can remember that jonathan edwards or jay origen banzuelo taught to us in febias college of bible that:

1. false or false is false
(which is chosen and accepted between false or false is false)
2. true and false are false
3. false and true are false
4. the if it is false then it is true is true

but the my logic says that:

1. false or false is neither
(which is chosen and accepted between false or false is neither)
2. true and false are true and false
3. false and true are false and true
4. the if it is false then it is true is false

the my binary numbers that will be used by good and truthful and kind persons to make the new and good and truthful and kind computers and calculators that will not be sold and bought

1 one
0 / 10 ten / one ten
11 one ten and one
100 one hundred
101 one hundred and one
110 one hundred and one ten
111 one hundred and one ten and one
1000 one thousand

1001 one thousand and one
1010 one thousand and one ten
1011 one thousand and one ten and one
1100 one thousand and one hundred
1101 one thousand and one hundred and one
1110 one thousand and one hundred and one ten
1111 one thousand and one hundred and one ten and one
10000 one million

in this english that i teaches to many persons in internet the verb is "always" singular when the subject is singular and the verb is "always" plural when the subject is plural. so i which is singular has the singular verbs always and you that is singular has the singular verbs always. and his self or hisself is used instead of himself. and its self or itsself is used instead of itself. and their selves or theirselves is used instead of themselves

i (singular) knows (singular) my self.
you (singular) knows (singular) your (singular) self.
he knows his self
she knows her self
it knows its self

we know our selves
you (plural) know (plural) your (plural) selves.
they know their selves
.
.

i (singular) knows (singular) myself.
you (singular) knows (singular) yourself (singular).
he knows hisself
she knows herself
it knows itsself

we know ourselves
you (plural) know (plural) yourselves (plural).
they know theirselves

here is the english that is taught in schools in this nation and in other nations

i (singular) know (plural) my self.
you (singular) know (plural) your (singular) self.
he knows him self
she knows her self
it knows it self

we know our selves
you (plural) know (plural) your (plural) selves
they know them selves
.
.

i (singular) know (plural) myself
you (singular) know (plural) yourself (singular)
he knows himself
she knows herself
it knows itself

we know ourselves
you (plural) know (plural) yourselves (plural)
they know themselves

ang ayaw na ayaw ko sa iskul nang nag-aaral ako noon ay ang paggamit at ang pagsulat nang "ng" at nang "mga" na pawang manga daglat o manga abbreviation lamang. paano babasahin nang manga estudyante ang "ng" na walang vowel at kulang sa konsonant? at paano babasahin nang manga estudyante ang "mga" na kulang sa vowel at kulang sa konsonant? kaya napapansin ninyo na ang ginagamit at isinusulat ko ay ang "nang" at ang "manga" at hindi ang "ng" at ang "mga"

ang manga facebook account ko na may madaming manga ngalan ay more than two tens and two (dalwa na manga pu at dalwa). at ang manga twitter account ko ay more than ten or one ten. at ang manga email address or account ko ay more than two hundreds. at may manga cellphone number ako nang more than two thousands officials or officers (most of them are chiefs of police) of philippine national police at nagpadala na ako sa kanilang lahat nang madaming manga text message

masaya at mapayapa at masarap ako kasi nakapagsend ako nang manga teaching ko sa internet sa napakamadaming manga tao by emails and by facebooks and by messengers and by twitters and by texts sa cellphone

ang araw at ang gabi ay masaya at mapayapa at masarap kapag tayo ay nag-iisip at nagsasalita at naggagawa nang manga mabuti at nang manga matotoo at nang manga mabait

==========

ang didiskasin o tatalakayin ko ngayon ay ang tungkol sa dapat na manga ngalan natin na manga tagalog at ang tungkol sa hindi pagtanggap ko nang kalendaryo dito.

ako ay tagalog at ang wika ko ay tagalog. pero bakit espanyol o spanish ang manga ngalan ko na "victor corpus antonio"? dahil ako ay tagalog at dahil ang wika na una kong naalam ay tagalog ang ngalan ko dapat ay tagalog din kaya may manga ngalan ako na "masaya matagumpay" sa internet lalong lalo na sa facebook at kaya tinagalog ko ang espanyol o spanish na manga ngalan ko na victor corpus antonio at ginawain ko na "biktor korpus antonyo". hindi wasto at hindi angkop at hindi bagay na ako na tagalog na may wikang tagalog ay may espanyol o spanish na manga ngalan na victor corpus antonio. kaya tayong manga tagalog na may wikang tagalog ay dapat may tagalog din na manga ngalan at ang manga ngalan natin ay hindi dapat nakasulat at nakaspeling sa espanyol o spanish o sa ingles.

ang kalendaryo na ginagamitin dito ay ang gregorian calendar nang manga roman catholic at ang pope o ang papa nang manga roman catholic ang nagpasikat at nagpalaganap at nagpakalat at nagpagamit nang kalendaryo na ito sa manga roman catholic at tinanggap naman ito nang manga protestant christian at nang manga orthodox christian kaya ang kalendaryo na ito ay ang ginagamitin nang pinakamadaming manga tao sa daigdig. at ayon sa kalendaryo na ito ang taon ngayon ay 2023. ano ang ibig-sabihin nang 2023? ang ibig-sabihin nang 2023 ay ang manga taon na nakalipas o nagdaan simula nang isinilang si hesus? kaya kung nabubuhay si hesus ngayon siya ay 2023 na manga taon na sa edad o gulang. pero walang tao ang nakaalam o nakakaalam o makakaalam kung kelan isinilang si hesus. kaya hindi mabuti at hindi matotoo ang kalendaryo na ito. ang matotoo na kalendaryo ay nagsasabi kung ilang taon na na nag-eeksis o nagsusulpot ang daigdig at ang tao sa daigdig. kaya ang kalendaryong gregorian ay masama at masinungaling at hindi mabait kaya hindi tinatanggapin ko at hindi dapat tanggapin nang sino man o nang bawat tao ang gregorian calendar na kalendaryo nang manga kristyano

2. ang pagbawas (the subtraction)

2 (ang binabawasan) - 1 (ang pangbawas) = 1

3. ang pagdami (the multiplication)

2 (ang dinadamihan) × 4 (ang pangdami) = 2 + 2 + 2 + 2 = 8

to good and truthful and kind and real persons in every nation on earth
to good and truthful and kind and real persons in universe
to good and truthful and kind and real persons outside universe
to all and to each

the good and truthful and kind and real ideas and words and works are knowledgeful and powerful to destroy and to annihilate the evilnesses and the lies and the unkindnesses and the unrealities

the goodnesses and the truths and the kindnesses and the realities are knowledgeful and powerful and beginningless and endless but the evilnesses

and the lies and the unkindnesses and the unrealities have the ignorance and the inability and the beginning and the end

the good and truthful and kind and real are knowledgeful and powerful and beginningless and endless but the evil and untruthful and unkind and unreal have the ignorance and the inability and the beginning and the end

the money is evil and untruthful and unkind and unreal because the good things and places and times are free and priceless and must be free and priceless

i does not accept the word philippines because it has the word philip who was the king of spain and because my nation is not related and connected to philip who was the king of spain and because my nation is not under spain and is not related and connected to spain

the my nation can be called LUPANG HINIRANG which means CHOSEN LAND because i who am the most good and truthful and kind and real chose this nation as my nation. and it can be called MAWIKA which means having many languages because this nation of me has the many languages

the maker of meta is mark zuckerberg and the others but they want to have the many moneys which are evil so they are evil but i am the most good so i am the owner of meta

the maker of microsoft is bill gates and his friend but they want to have the many moneys which are evil so they are evil but i am the most good so i am the owner of microsoft

the maker of earth and heaven is unseen and unheard by all human beings and the maker of earth and heaven is the first and most evil and untruthful and unkind and unreal but i am the first and most good and truthful and kind and real so i am the owner of earth and heaven

the goodnesses and the truths and the kindnesses and the realities exist beginninglessly and endlessly but the evilnesses and the lies and the unkindnesses and the unrealities have the beginning and the end

the good and truthful and kind and real person or thing or place or time existed and exists and will exist beginninglessly and endlessly

the maker of earth and heaven is the first and the most evil and untruthful and unkind and unreal and the maker of earth and heaven is the one who existed and exists and will exist the bible and the koran and the all religions and the politics and the money which are evil and untruthful and unkind and unreal. and the maker of earth and heaven is the one who existed and exists and will exist the all evilnesses and lies and unkindnesses and unrealities. so the maker of earth and heaven will suffer and die and will be destroyed and annihilated

the my thesis which is gramatikal na iskets ng tagebulos https://archive.org/details/antonio-gramatikal-na-iskets-ng-tagebulos

the good and truthful and kind and real persons did not have and do not have and will not have the beginning and the end so they did not die and do not die and will not die and i am the founder of this new and different existence and life and truth and reality and knowledge and law and principle

there is the beginninglessness and there is the endlessness and the good and truthful and kind and real are beginningless and endless

i am good and truthful and kind and real so i am beginningless and endless

i was and am and will be the first and the most good and truthful and kind and real person beginninglessly and endlessly

when the man and the woman love each other and they are united and they live together in one place they are married already and their marriage automatically happens and there must be no man to officiate the marriage between them because they are married already automatically. and this marriage happened between adam and eve and between abraham and sarah and between isaac and rebekah and between joseph and mary so no person

officiated the marriage between adam and eve and between abraham and sarah and between isaac and rebekah and between joseph and mary. and the bible and jesus did not command the priests and the pastors and the rabbis and the ministers and the other persons to officiate the marriage between man and woman so they must not officiate the marriage between man and woman. and the bible and jesus did not command the man and the woman to seek to be officiated by priest or pastor or rabbi or minister or other person for marriage between themselves so the man and the woman must not seek to be officiated by priest or pastor or rabbi or minister or other person for marriage between themselves

the gregorian calendar that is used in philippines and russia and united states of america and other nations is the calendar of scientists and it is the solar calendar

the calendar of true and real christians and jews is the calendar of bible and it is the purely lunar calendar that has the twelve months in every year

but why is it that the many present christians use the gregorian calendar which is the calendar of scientists and which is the solar calendar and why is it that they do not use the calendar of bible which is the purely lunar calendar that has the twelve months in every year?

and why is it that the many present jews use the present jewish calendar which is lunar-solar calendar that has the thirteen months in particular years and why is it that they do not use the calendar of bible which is the purely lunar calendar that has the twelve months in every year?

alam mo ba?

alam mo ba na ang roman catholic church ang pinakamadaya at pinakamasama na rilihiyon dahil sa manga ito: ?

1. ang manga larawan at ang manga rebulto ni hesus at ni marya at ni hose at nang manga apostol na manga hindi matotoo at manga hindi matunay (not truthful and not real) na manga larawan at manga mukha at manga katawan ni hesus at ni marya at ni hose at nang manga apostol ay mula sa roman catholic church

2. ang pagkakaroon nang manga ninong at nang manga ninang sa binyag o sa kasal ay mula din sa roman catholic church

3. ang manga bilang na manga talata at manga kabanata na wala naman sa orihinal na bibliya ay mula din sa roman catholic church

4. ang pagkakasal nang pari sa babae at sa lalaki ay mula din sa roman catholic church. si adan at si eba at si abraham at si sara at si isaak at si rebeka at si hose at si marya at ang manga iba pa ay naging kasal nang sila ay nagmahalan at nagsama at nabuhay sa isang bahay at walang taong nagkasal sa kanila. at hindi iniutos sa bibliya at ni hesus na magkasal ang manga pari nang lalaki at nang babae at hindi din iniutos sa bibliya at ni hesus na magpakasal sa manga pari ang lalaki at ang babae

5. ang gregorian na orasan na nagsisimula sa midnight o hatinggabi o gitnang gabi at ang kalendaryo na gregorian na sikat na sikat at ginagamitin nang madaming bansa ay mula din sa roman catholic church

6. ang pasko na sinasabi nang madaming tao na araw nang pagsilang ni hesus ay hindi matotoo at hindi matunay at hindi tama at ito ay mula din sa roman catholic church

kailan lalaya ang madaming madaming manga tao sa manga kasamaan at manga kasinungalingan at manga pandaraya nang roman catholic church?

the united states of america has been the nation that has the many christians. at ito ang may pinakamadaming manga salin o translation nang bibliya. and it has the more than fifty english translations of bible. but what kind of nation is the united states of america now? i read from news that the united states of america has the same sex marriage which is not the true and real marriage and which is very very very evil and untruthful and unkind and unreal so the united states of america has been a very very very evil and untruthful and unkind and unreal nation

so the many english bibles and the christianity of united states of america have not been able to prevent the united states of america from having the same sex marriage which is not the true and real marriage and which is very very very evil and untruthful and unkind and unreal. and the many english bibles and the christianity of united states of america have not been able to prevent the united states of america from being a very very very evil and untruthful and unkind and unreal nation. and so the many english bibles and the christianity of united states of america have been ineffective and unpowerful to united states of america

now why does the united states of america have the same sex marriage which is not the true and real marriage and which is very very very evil and untruthful and unkind and unreal in spite of the fact that it has been the nation that has the many christians at ito ang may pinakamadaming manga salin o translation nang bibliya and it has the more than fifty english translations of bible?

why were the many english bibles and the christianity of united states of america not able to prevent the united states of america from having the same sex marriage which is not the true and real marriage and which is very very very evil and untruthful and unkind and unreal? and why were the many english bibles and the christianity of united states of america not able to prevent the united states of america from being a very very very evil and untruthful and unkind and unreal nation?

what must the united states of america think and speak and do to be good and truthful and kind and real? and what must the united states of america not think and speak and do to stop from being evil and untruthful and unkind and unreal? the united states of america must think and speak and do the goodnesses and the truths and the kindnesses and the realities to be good and truthful and kind and real. and it must not think and speak and do the evilness and the lies and the unkindnesses and the unrealities so it will stop from being evil and untruthful and unkind and unreal

the germany has been the nation that has the many christians and it has published the biblia hebraica which is the hebrew old testament that has been used by many translators worldwide to translate the hebrew old testament into many languages on earth. and it has published the novum testamentum graece and the greek new testament that have been used by many translators worldwide to translate the greek new testament into many languages on earth. but what kind of nation is the germany now? i read from news that the germany has the same sex marriage which is not the true and real marriage and which is very very very evil and untruthful and unkind and unreal so the germany has been a very very very evil and untruthful and unkind and unreal nation

what must the germany think and speak and do to be good and truthful and kind and real? and what must the germany not think and speak and do to stop from being evil and untruthful and unkind and unreal? the germany must think and speak and do the goodnesses and the truths and the kindnesses and the realities to be good and truthful and kind and real. and it must not think and speak and do the evilness and the lies and the unkindnesses and the unrealities so it will stop from being evil and untruthful and unkind and unreal

there are the many nations now including united kingdom and canada and australia and taiwan that have the same sex marriage marriage which is not the true and real marriage and which is very very very evil and untruthful and unkind and unreal

does (singular) you (singular) know that in english translations of bible which are the new international version (niv) and the english standard version (esv)

and the new american standard bible (nasb) the phrase which is "everlasting life" appears at only one time in book of daniel of old testament and that this phrase does not appear in new testament? and does (singular) you (singular) know also that in these english translations of bible the phrase which is "eternal life" appears at forty and three times in new testament and that this phrase does not appear in old testament?

what is the meaning of the word which is "everlasting"? and what is the meaning of the word which is "eternal"?

i (singular) myself (singular) finds (singular) it difficult to know and to understand the two words above fully so i (singular) uses (singular) the word which is "beginningless" and the word which is "endless". and i forms and uses the new word which is "ratim" to mean beginninglessness. and i forms and uses the new word which is "latim" to mean endlessness. and i forms and uses the new word which is "ralatim" to mean beginninglessness and endlessness. and so i forms and uses the new word which is "ratimic" to mean beginningless and the new word which is "latimic" to mean endless and the new word which is "ralatimic" to mean beginningless and endless. so i (singular) has (singular) the new phrases which are:

ratimic life (beginningless life)
latimic life (endless life)
ralatimic life (beginningless and endless life)

the goodness and the truth and the kindness and the reality are ralatimic and the good and truthful and kind and real persons are ralatimic also

the evilness and the lie and the unkindness and the unreality are not ralatimic and the evil and untruthful and unkind and unreal persons are not ralatimic also

now do the phrases which are "everlasting life" and "eternal life" mean "latimic life"? or do the phrases which are "everlasting life" and "eternal life" mean "ralatimic life"?

in tagalog translations of bible the tagalog translators translated "everlasting life" and "eternal life" as "buhay na walang hanggan". but what does the word "hanggan" mean in english? and what is its difference from "hangga" and from "hanggahan"? and does the phrase "buhay na walang hanggan" mean "latimic life"? or does it mean "ralatimic life"?

which must be chosen between truth or truth is either
which must be chosen between lie or lie is neither
which must be chosen between truth or lie is the truth
which must be chosen between lie or truth is the truth

the truth and the truth are the truths
the lie and the lie are the lies
the truth and the lie are the truth and the lie
the lie and the truth are the lie and the truth

the when it is the truth then it is the truth is the truth
the when it is the lie then it is the lie is the truth
the when it is the truth then it is the lie is the lie
the when it is the lie then it is the truth is the lie

that the truth is the truth is the truth
that the lie is the lie is the truth
that the truth is the lie is the lie
that the lie is the truth is the lie

i can remember that jonathan edwards or jay origen banzuelo taught to us in his logic class in febias college of bible that:

1. false or false is false
(which must be chosen and accepted between false or false is false)
2. true and false are false
3. false and true are false
4. the if it is false then it is true is true

but the my logic says that:

1. false or false is neither
(which must be chosen and accepted between false or false is neither)
2. true and false are true and false
3. false and true are false and true
4. the if it is false then it is true is false

the one of my memories in febias college of bible that i cannot forget is when i was studying the greek language there taking up the four greek subjects there. and i knew that the greek language has the many grammatical rules that i followed so i could write and read in greek language and so i could pass the written exams by my teachers. and i used what i learned from studying the greek language in revising the grammar of english

and in this english that i teaches to many persons in internet the verb is "always" singular when the subject is singular and the verb is "always" plural when the subject is plural. so i which is singular has the singular verbs always and you that is singular has the singular verbs always. and his self or hisself is used instead of himself. and its self or itsself is used instead of itself. and their selves or theirselves is used instead of themselves

i (singular) knows (singular) my self.
you (singular) knows (singular) your (singular) self.
he knows his self
she knows her self
it knows its self

we know our selves
you (plural) know (plural) your (plural) selves.
they know their selves
.
.

i (singular) knows (singular) myself.
you (singular) knows (singular) yourself (singular).
he knows hisself
she knows herself
it knows itsself

we know ourselves
you (plural) know (plural) yourselves (plural).
they know theirselves

i am very happy and peaceful and pleasureful because i has sent the many text messages that contain the my teachings to more than 1,500 chiefs of police and to many other police officers in philippine national police by my cellphone. may cellphone numbers ako nang manga chief of police sa buong pilipinas at nang manga iba pang police officers nang p.n.p. na nahanap ko sa internet at idinawnlowd ko kaya nateteksan ko sila

at may manga email address ako nang lahat na manga senador sa pilipinas at nang manga officer nang supreme court at nang malacañang at nang manga branch nang deped sa bawat province at city at pinapadalahan din ko sila nang manga teaching ko kaya masaya at mapayapa at masarap ako

sa bibliya ang kalendaryo na ginamitin nila moyses at nila hoswe (joshua) at nila dabid at nila danyel at nila hesus at nila pedro at nila huwan at nila pablo ay ang kalendaryo na purely lunar na may sampu at dalwa na manga buwan taon taon o sa bawat taon pero hindi ang kalendaryo na ito ang ginagamitin nang manga israeli ngayon sa israel dahil ang kalendaryo na ginagamitin nila ngayon ay ang kalendaryo na lunar-solar na may sampu at dalwa na manga buwan sa manga piling manga taon at may sampu at tatlo na manga buwan sa manga piling manga taon. at hindi din ang kalendaryo nang bibliya ang ginagamitin nang manga roman catholic christian at nang manga protestant christian at nang manga orthodox christian at nang manga iba pang manga kristyano ngayon dahil ang ginagamitin nila na kalendaryo

ay ang kalendaryo na gregorian na hindi purely lunar at hindi lunar-solar kundi solar

ano ba ang purely lunar na kalendaryo? at ano ba ang lunar-solar na kalendaryo? at ano ba ang solar na kalendaryo? angkop at akma at bagay at tama at mabuti ba na ang kalendaryo na ginagamitin nang manga israeli ngayon sa israel ay ang kalendaryo na lunar-solar at hindi ang purely lunar na kalendaryo na kalendaryo nang bibliya? at angkop at akma at bagay at tama at mabuti ba na ang kalendaryo na ginagamitin nang manga kristyano ngayon sa daigdig ay ang kalendaryo na gregorian na solar at hindi ang purely lunar na kalendaryo na kalendaryo nang bibliya?

sinasabihin nang bibliya na bawal magdagdag at magbawas sa manga salita nito kaya hindi dapat magdagdag at magbawas ang sinoman sa manga salita nang bibliya pero napakamadami ang manga tao ngayon na nagdadagdag nang manga bilang na manga talata at manga kabanata sa bibliya. at naaalaala ko pa noon nang nag-aaral ako sa febias college of bible at ang manga titser o ang manga instructor o ang manga professor ko at ang manga kaeskwela ko ay nagdadagdag nang manga bilang na manga talata at manga kabanata sa bibliya at wala akong nagawa noon kundi ang makisakay at makisama sa kanila sa paggamit nang manga dagdag na manga bilang na manga talata at manga kabanata sa bibliya para makapagtapos ako nang pag-aaral doon kahit na ayaw na ayaw ko ang manga dagdag na manga bilang na manga talata at manga kabanata sa bibliya dahil alam ko na ipinagbabawal nang bibliya na magdagdag at magbawas sa manga salita nito. at ang mas malala at mas matindi pa na pagdadagdag sa bibliya ay ang presyo o ang halaga nito sa pera para ipagbili o para bilihin nang manga tao. alam ko noon na ang bibliya ay naglalaman nang manga salita nang diyos kaya hindi mahahalagahan o hindi mapepresyohan nang pera ang bibliya. pero ipinagbibili nang manga tao ang bibliya at binibilihin nang manga tao ang bibliya pero hindi dapat sana. at dapat ay walang bayad na ibinibigay nang manga tao ang bibliya sa manga gustong magbasa o magsuri nito

bakit ipinagbibili nang united bible socities at nang philippine bible society at nang american bible society at nang german bible society at nang manga iba pa na manga myembro nang united bible socities at nang philippine christian book store at nang manga iba pa na manga grupo o manga tao ang bibliya samantalang o gayong alam nila na bawal dagdagan nang halaga o nang presyo nang pera ang bibliya at naglalaman ang bibliya nang manga salita nang diyos at samantalang o gayong puwede naman nilang ibigay na lang ang bibliya sa manga tao na gustong magbasa o magsuri nito?

ngayon ay narito ang manga bibliya na inalisan ko nang manga bilang na manga talata at manga kabanata na pawang manga dagdag lamang sa

bibliya at ipinagbabawal nang bibliya. mababasa o maidadawnlowd mo ang manga ito sa link na ito and you can see or download the folder from here: bibles without numbers of verses and chapters
https://disk.yandex.com/d/6cZmIcrdRt9XWQ

ayaw na ayaw ko ang manga bilang na manga talata at manga kabanata na idinagdag lamang nang manga tao sa bibliya pero alam kong makisakay at makisama sa manga tao na gumagamit nang manga bilang na manga talata at manga kabanata na idinagdag lamang nang manga tao sa bibliya

the truth is the truth and the lie is the lie and the truth is not the lie and the lie is not the truth and the truth does not have the lie and the lie does not have the truth

the true and real rulers and leaders were and are and will be the good and truthful and kind persons and not the evil and untruthful and unkind politicians or persons

the true and real rulers and leaders in philippines were and are and will be the good and truthful and kind persons and not the evil and untruthful and unkind politicians or persons

so the constitution and the executive branch and the legislative branch and the judicial branch of government of philippines must be destroyed and annihilated

i likes the philippines and the russia and the vietnam and the korea and the india and the china and the other nations very very very much for not having the same sex marriage which is not the truthful and real marriage

the good persons can observe the evil persons and the evil persons can observe the good persons. and the good persons are against the evil persons and the evil persons are against the good persons. and the evil persons are very very very afraid of good persons because the good persons punish and kill and destroy and annihilate the evil persons

when the man and the woman love each other and they are united and they live together in one place they are married already and their marriage automatically happens and there must be no man to officiate the marriage between them because they are married already automatically. and this marriage happened between adam and eve and between abraham and sarah and between isaac and rebekah and between joseph and mary so no person officiated the marriage between adam and eve and between abraham and sarah and between isaac and rebekah and between joseph and mary. and

the bible and jesus did not command the priests and the pastors and the rabbis and the ministers and the other persons to officiate the marriage between man and woman so they must not officiate the marriage between man and woman. and the bible and jesus did not command the man and the woman to seek to be officiated by priest or pastor or rabbi or minister or other person for marriage between themselves so the man and the woman must not seek to be officiated by priest or pastor or rabbi or minister or other person for marriage between themselves

the marriage that is officiated by priest or pastor or rabbi or minister or other person between man and woman is the untruthful and unreal marriage
